SUMMARY OF THE BASE PROSPECTUS

This summary must be read as an introduction to this Base Prospectus and any decision to invest in the Notes should be based on a consideration of the Base Prospectus as a whole, including the documents incorporated by reference. Following the implementation of the relevant provisions of the Prospectus Directive (Directive 2003/71/EC) in each Member State of the European Economic Area, no civil liability will attach to the Issuer in any such Member State solely on the basis of this summary, including any translation thereof, unless it is misleading, inaccurate or inconsistent when read together with the other parts of this Base Prospectus. Where a claim relating to the information contained in this Base Prospectus is brought before a court in a Member State of the European Economic Area, the plaintiff may, under the national legislation of the Member State where the claim is brought, be required to bear the costs of translating the Base Prospectus before the legal proceedings are initiated.

Essential characteristics and risks associated with the Issuer

The Danske Bank Group provides a wide range of banking, mortgage and insurance products as well as other financial services, and is the largest financial service provider in Denmark – and one of the largest in the Nordic region – measured by total assets.

Danske Bank is represented through branches in London, Warsaw, Hamburg, and, in the Nordic countries. With the purchase of Northern Bank and National Irish Bank, in Northern Ireland and the Republic of Ireland, respectively, Danske Bank has significantly strengthened its activities outside the Nordic region. In November 2006, Danske Bank purchased Sampo Bank in Finland, including Sampo Bank’s activities in the three Baltic countries and a subsidiary in St. Petersburg, Russia. The purchase was approved of at the end of January 2007. A subsidiary of Danske Bank provides private banking services in Luxembourg.

The Group currently serves more than 5.0 million retail customers and has a significant share of the corporate and institutional markets in the Nordic region. Approximately 2.5 million customers use the Group’s online services.

The Danske Bank Group business organisation consists of Banking Activities, Mortgage Finance (part of Banking Activities Denmark), Danske Markets, Danske Capital, Danica Pension and other areas.

Banking Activities contains the entire Group’s banking business with retail customers as well as corporate and institutional customers. In each of the countries outside of Denmark where the Group operates, all brands are operated in country divisions. Banking Activities also encompasses the Danske Bank Group’s mortgage finance and real-estate agency business in Denmark. The division markets its financing solutions through Realkredit Danmark, Danske Bank and “home”. Real-estate agency business is carried on through “home”, which has 190 offices throughout the country.

Danske Markets is responsible for the Group’s activities in the financial markets. Trading activities include trading in fixed-income products, foreign exchange, equities and interest-bearing securities, providing the largest corporate and institutional clients with financial products and advisory services on mergers and acquisitions, and assisting customers in connection with their issues of equity and debt on the international financial markets. Proprietary trading encompasses the Bank’s short-term investments. The investment portfolio covers the Bank’s strategic fixed-income, foreign exchange, and equity portfolios. Danske Markets is also responsible for the Bank’s own funding activities.

Danske Capital develops and sells advisory services and asset management products and services, which are offered through the Group’s banking operations and directly to businesses, institutional clients and external distributors.

Danica Pension encompasses all the Group’s activities in the life insurance and pensions market.

As a group with activities throughout the world the Issuer faces a variety of risks. The Issuer considers the management of risk one of its core competencies. Considerable resources are spent on developing procedures and tools to match the best practices in risk management. Danske Bank identifies and manages the following main categories of risk.

Credit risk is the risk of losses because counterparties fail to meet all or part of their obligations towards the Issuer. Credit risk includes country risk, dilution risk and settlement risk. Country risk is the risk of losses arising from the economic or political circumstances in a country. Country risk also encompasses the risk of nationalisation, expropriation and debt restructuring. Dilution risk is the risk that the debtor may obtain a reduction of the debt through set-off, objections based on underlying legal issues or other factors. Settlement risk is the risk arising in connection with the settlement of payments for securities, derivatives and other trades where payments are remitted before it is possible to ascertain that the offsetting payments have been transferred to one of the Issuer's accounts.

Market risk is the risk of losses because the market value of the Issuer's assets and liabilities will vary with changes in the market conditions e.g. changes in interest rates, stock prices or currency rates. Market risk includes liquidity risk, which is the risk of losses because (i) funding costs increase disproportionately; (ii) lack of funding prevents the Issuer from establishing new business; and (iii) lack of funding prevents the Issuer from meeting its obligations.

Operational risk is the risk of losses owing to deficient or erroneous internal procedures, human or system errors, or external events. Business risk is the risk of losses emanating from changes in external circumstances or events that harm the Issuer's image or operational earnings.

Life insurance risk is the risk that the year's returns on customers' funds are inadequate to cover the customers' guaranteed benefits, any necessary increase in life insurance provisions, and other obligations.

Insurance risk also includes the market risk on the assets in which Danica's equity is invested.

Essential characteristics and risks associated with the Notes

The Issuer may, subject to compliance with all relevant laws, regulations, directives and central bank requirements, from time to time, issue Notes denominated in any currency. Payments in respect of Notes may, subject to compliance as aforesaid, be made in and/or linked to, any currency or currencies other than the currency in which such Notes are denominated.

The aggregate principal amount of Notes outstanding will not at any time exceed EUR 50,000,000,000 (or its equivalent in other currencies), subject to any duly authorised increase. The Notes may be issued in bearer form, with or without interest coupons, in registered form or, in the case of VP Systems Notes, in uncertificated and dematerialised book entry form, in each case in the denominations specified in the Final Terms.

Notes will be issued in Series. Each Series may comprise one or more Tranches issued on different issue dates. The Notes of each Series will all be subject to identical terms, except that the issue date, the amount of the first payment of interest (if any), the issue price and/or the denominations thereof may be different in respect of different Tranches. The Notes of each Tranche will all be subject to identical terms in all respects save that a Tranche may comprise Notes of different denominations.

Notes which may be listed on the Official List and admitted to trading on the regulated market of the Luxembourg Stock Exchange and/or admitted to listing, trading and/or quotation by any other listing authority, stock exchange and/or quotation system situated or operating in a member state of the European Economic Area may not (a) have a minimum denomination of less than EUR 1,000 (or equivalent in another currency), or (b) carry the right to acquire shares (or transferable securities equivalent to shares) issued by the Issuer or by any entity to whose group the Issuer belongs. Subject thereto, Notes will be issued in such denominations as may be specified in the relevant Final Terms, subject to compliance with all applicable legal and/or regulatory and/or central bank requirements.

In relation to any issue of Notes which have denominations consisting of a minimum denomination plus an integral multiple of another smaller amount in excess thereof, it is possible that such Notes may be traded in amounts that are not integral multiples of the minimum denomination. In such a case a Holder who, as a result of trading such amounts, holds an amount which is less than the minimum denomination may not receive a Definitive Note in respect of such holding (should Definitive Notes be printed) and would need to purchase a principal amount of Notes such that its holding amounts to a denomination.

Notes may be issued by the Issuer on an unsubordinated, subordinated or hybrid tier 1 capital basis, as specified in the relevant Final Terms.

The Unsubordinated Notes constitute direct, unconditional, unsubordinated and unsecured obligations of the Issuer and rank *pari passu* without any preference among themselves and at least *pari passu* with all other unsubordinated and unsecured obligations (including liabilities in respect of deposits) of the Issuer, present and future (save for certain mandatory exceptions provided by law).

The Subordinated Notes constitute direct, unsecured and subordinated debt obligations of the Issuer and shall at all times rank *pari passu* without preference among themselves and with other Subordinated Notes and other instruments expressed to be ranking *pari passu* with subordinated loan capital.

The Hybrid Tier 1 Capital Notes constitute direct, unsecured and subordinated debt obligations of the Issuer and shall at all times rank *pari passu* without preference among themselves and with other Hybrid Tier 1 Capital Notes and other capital instruments expressed to be ranking *pari passu* with Hybrid Tier 1 Capital.

In respect of each Series of Subordinated Notes, the Issuer may elect pursuant to the Conditions herein not to pay the interest in respect of the relevant Series of Notes which has accrued. Any interest in respect of the relevant Series of Notes not paid on an Optional Interest Payment Date, together with any other interest in respect of the relevant Series of Notes not paid on any other Optional Interest Payment Date, shall, so long as the same remains unpaid, constitute Arrears of Interest.

In respect of each Series of Hybrid Tier 1 Capital Notes, the Issuer may elect pursuant to the Conditions herein not to pay the interest in respect of the relevant Series of Notes which has accrued. Any interest in respect of the relevant Series of Notes not paid on an Optional Interest Payment Date, together with any other interest in respect of the relevant Series of Notes not paid on any other Optional Interest Payment Date, shall, so long as the same remains unpaid, constitute Hybrid Capital Arrears of Interest.

Arrears of Interest or Hybrid Capital Arrears of Interest, as the case may be (together with all corresponding Additional Interest Amount or Hybrid Capital Additional Interest Amount, as the case may be, but excluding any interest which has been cancelled) shall become due in full on the earlier of: (i) the date on which the Issuer next satisfies the solvency requirements of the Danish Financial Business Act; (ii) the date upon which the Outstanding Principal Amount of the Notes of the relevant Series becomes due and payable (if relevant) or redeemed; or (iii) the liquidation or bankruptcy of the Issuer. See Condition 9 (*Interest Deferral*).

In respect of each series of Hybrid Tier 1 Capital Notes, if during the period between the most recent date of approval of the annual accounts of the Issuer and the next succeeding date of approval the amount of the next interest payment will exceed the Available Free Reserves, such payment will be reduced to the amount of such Available Free Reserves, or, in the case where there are no Available Free Reserves, to zero. Where such reduction of interest occurs and part of the applicable Interest Period falls before the date of approval of the relevant accounts, to the extent that the amount of interest accrued as at the date of approval of the relevant accounts exceeds the amount of the Available Free Reserves, any such excess shall be deferred and shall constitute Hybrid Capital Arrears of Interest. Where interest has ceased to accrue and subsequent annual audited accounts disclose Available Free Reserves, accrual of interest will recommence. Any interest payment or part thereof which has not been made and has not been deferred in accordance with these provisions will be cancelled and will not fall due at any time thereafter.

See Condition 9.6 (*Mandatory Deferral of Interest and Interest Cancellation – Hybrid Tier 1 Capital Notes*).

In the limited circumstances set out in Condition 10 (*Reduction of Amounts of Principal and Unpaid Interest*), the Issuer, by a resolution passed at a general meeting of its shareholders duly convened in accordance with Danish law and the Issuer's Articles of Association, may resolve to reduce and cancel (a) in the case of Subordinated Notes, part or all of the Outstanding Principal Amount of each relevant Series of the Notes and any Arrears of Interest thereon (together with all corresponding Additional Interest Amounts) or (b) in the case of Hybrid Tier 1 Capital Notes, part or all of the Outstanding Principal Amount of each relevant Series of the Notes and any Hybrid Capital Arrears of Interest thereon (together with all corresponding Hybrid Capital Additional Interest Amounts). See Condition 10 (*Reduction of Amounts of Principal and Unpaid Interest*).

The Notes may be issued with any maturity or with no fixed maturity date, subject, in relation to specific currencies, to compliance with all applicable legal and/or regulatory and/or central bank requirements. The Notes may be redeemed prior to maturity at par or at such other redemption amount as may be specified in the relevant Final Terms.

The Issuer may offer Notes that provide for the payment of principal or premium linked to a currency or commodity index, price index, stock exchange or commodities exchange index, a single share or a basket of several shares, a single currency or a basket of several currencies, or linked to inflation, currency or commodities or any other index or shares specified in the Final Terms. In addition, Notes may provide for payment upon redemption and/or a return based on the credit performance of any one or more reference entities, in each case as specified in the Final Terms. An investment in such Notes entails significant risks not associated with a similar investment in conventional fixed or floating rate debt securities. See "Risks related to the structure of a particular issue of Notes" in "Risk Factors" below. In particular, prospective purchasers of such Notes should understand that the amount of principal payable at redemption may be less than the nominal amount of such Notes or even zero. **PROSPECTIVE PURCHASERS OF NOTES LINKED TO ONE OR MORE RELEVANT FACTORS MUST REVIEW THE RELEVANT FINAL TERMS TO ASCERTAIN WHAT THE RELEVANT FACTOR(S) ARE AND TO SEE HOW BOTH THE AMOUNT OF PRINCIPAL PAYABLE AT REDEMPTION AND ANY INTEREST PAYMENTS ARE DETERMINED AND WHEN ANY SUCH AMOUNTS ARE PAYABLE BEFORE MAKING ANY DECISION TO PURCHASE ANY SUCH NOTES.**

The aggregate principal amount, any interest rate or interest calculation, the issue price, maturity, the redemption amount and any other terms and conditions not contained herein with respect to each Tranche of Notes will be established at the time of issuance in accordance with prevailing market conditions and set forth in the relevant Final Terms.

The Notes will not have the benefit of a negative pledge or a cross default.

Application has been made for the Notes issued under the Programme to be admitted to trading on the regulated market of the Luxembourg Stock Exchange. The Luxembourg Stock Exchange's regulated market is a regulated market for the purposes of the Markets in Financial Instruments Directive 2004/39/EC. However, Notes may also be issued under the Programme whereby they will be admitted to listing, trading and/or quotation by other listing authorities, stock exchanges, and/or quotation systems or may be issued on the basis that they will not be admitted to listing, trading and/or quotation by such other listing authority, stock exchange or quotation system.

The Notes shall be accepted for clearing through one or more clearing systems as specified in the relevant Final Terms. Bearer Notes in classic global form (i.e. those Bearer Notes which are not in new global note form) are to be held by or on behalf of the clearing systems. Each global Note in new global note form will be deposited with a common safe-keeper for Euroclear and/or Clearstream, Luxembourg (the "**Common Safe-keeper**"). Potential investors will have to rely on the clearing system procedures for transfer, payment and communications.

The Notes in new global note form (the “**New Global Notes**”) have been introduced to allow for the possibility of Bearer Notes being issued and held in a manner which will permit them to be recognised as eligible collateral for monetary policy of the central banking system for the euro (the “**Eurosystem**”) and intra-day credit operations by the Eurosystem either upon issue or at any or all times during their life. However in any particular case such recognition will depend upon satisfaction of the Eurosystem eligibility criteria at the relevant time.

RISK FACTORS

Prospective investors should read the entire Base Prospectus and reach their own views prior to making any investment decision.

The Issuer believes that the following factors may affect its ability to fulfil its obligations under Notes issued under the Programme. All of these factors are contingencies that may or may not occur and the Issuer is not in a position to express a view on the likelihood of any such contingency occurring.

Factors which the Issuer believes may be material for the purpose of assessing the market risks associated with Notes issued under the Programme are also described below.

The Issuer believes that the factors described below represent the principal risks inherent in investing in Notes issued under the Programme, but the Issuer may be unable to pay interest, principal or other amounts on or in connection with any Notes for other reasons which may not be considered significant risks by the Issuer based on information currently available to it and which it may not currently be able to anticipate.

The following is a general discussion of certain risks typically associated with the Issuer and the acquisition and ownership of Notes. In particular, it does not consider an investor's specific knowledge and/or understanding about risks typically associated with the Issuer and the acquisition and ownership of Notes, whether obtained through experience, training or otherwise, or the lack of such specific knowledge and/or understanding, or circumstances that may apply to a particular investor.

Words and expressions defined in the "Terms and Conditions of the Notes" below or elsewhere in this Base Prospectus have the same meanings in this section, unless otherwise stated.

Risks relating to the Issuer

As a group with activities throughout the world the Issuer faces a variety of risks. The Issuer considers the management of risk one of its core competencies. Considerable resources are spent on developing procedures and tools to match the best practices in risk management. The Board of Directors lays down the general risk policies and framework, including the general principles for the management and monitoring of risk. The Board of Directors also decides on the largest credit applications.

The Executive Board heads a Credit Committee, which is responsible for laying down operational policies and for the approval of applications for major credit facilities.

Danske Bank identifies and manages the following main categories of risk.

Credit risk, including country, dilution and settlement risk

Credit risk is the risk of losses because counterparties fail to meet all or part of their obligations towards the Issuer. Credit risk includes:

- Country risk, which is the risk of losses arising from the economic or political unrest in a country. Country risk also encompasses the risk of nationalisation, expropriation and debt restructuring.
- Dilution risk is the risk that the debtor may obtain a reduction of the debt through set-off, objections based on underlying legal issues or other factors.
- Settlement risk, which is the risk arising in connection with the settlement of payments for securities, derivatives and other trades where payments are remitted before it is possible to ascertain that the offsetting payments have been transferred to one of the Issuer's accounts.

Credit risk is mitigated by monitoring the credit exposures through the Issuer's credit system. Data on the size and utilisation of all types of loan and commitment are registered in the credit system, as is information on the estimated realisation value of any collateral after deduction of the estimated cost of realising such collateral. Limits have been set for customer exposures. The limits are graduated according to

the ratings assigned and the collateral provided. The credit exposures are reviewed on an annual basis as a minimum.

Furthermore the Issuer participates in a number of initiatives aimed at reducing the risks incurred by banks that participate in various forms of international banking co-operation. The Issuer enters into netting agreements, if possible, and has, to secure its counterparty risk, signed a number of collateral management agreements with large financial customers. Finally the Issuer participates in the Continuous Linked Settlement collaboration (CLS) aimed at reducing settlement risk.

Market risk, including liquidity risk

Market risk is the risk of losses because the market value of the Issuer's assets and liabilities will vary with changes in the market conditions e.g. changes in interest rates, stock prices or currency rates. Market risk includes liquidity risk, which is the risk of losses because:

- funding costs increase disproportionately;
- lack of funding prevents the Issuer from establishing new business; and
- lack of funding prevents the Issuer from meeting its obligations.

Market risk is managed at the Issuer level and is calculated by using a database that is integrated with the trading systems in Denmark and abroad, which makes risk reporting highly reliable and consistent. The calculation, monitoring and management reporting of market risk take place on a daily basis. In addition, the Issuer conducts intraday control of the risks in the individual business areas. Liquidity risk is mitigated by the design of the liquidity policy. The purpose of the policy is to limit liquidity risk by ensuring that the Issuer always holds sufficient liquidity to meet its obligations as they fall due and that the Issuer is not prevented from establishing new business due to insufficient funding.

Operational risk and business risk

Operational risk is the risk of losses owing to deficient or erroneous internal procedures, human or system errors, or external events. Business risk is the risk of losses emanating from changes in external circumstances or events that harm the Issuer's image or operational earnings.

To mitigate operational risk, the Issuer has determined an overall policy for operational risk that includes a control policy which sets out rules for ongoing monitoring and mitigation of operational risk. The guidelines are incorporated in written business procedures and in reconciliation and control procedures for relevant areas. It is the Issuer's policy that losses (i.e. due to errors) must be kept to a minimum by putting allocated resources to the best possible use and by employing clear and well-documented procedures and IT systems.

Insurance risk

Life insurance risk is the risk that the year's returns on customers' funds are inadequate to cover the customers' guaranteed benefits, any necessary increase in life insurance provisions, and other obligations.

Insurance risk also includes the market risk on the assets in which Danica's equity is invested.

To ensure a correspondence between the return on investments and the guaranteed benefits, the financial risks are continually monitored.

Impact of regulatory changes

The Issuer is subject to financial services laws, regulations, administrative actions and policies in Denmark and in each other jurisdiction in which the Issuer carries on business. Changes in supervision and regulation, in particular in Denmark, could materially affect the Issuer's business, the products and services offered or the value of its assets. Although the Issuer works closely with its regulators and continually

monitors the situation, future changes in regulation, fiscal or other policies can be unpredictable and are beyond the control of the Issuer.

Risks related to the market generally

Set out below is a brief description of certain market risks, including liquidity risk, exchange rate risk, interest rate risk and credit risk:

The secondary market generally

Notes may have no established trading market when issued, and one may never develop. If a market does develop, it may not be liquid. Therefore, investors may not be able to sell their Notes easily or at prices that will provide them with a yield comparable to similar investments that have a developed secondary market. This is particularly the case for Notes that are especially sensitive to interest rate, currency or market risks, are designed for specific investment objectives or strategies or have been structured to meet the investment requirements of limited categories of investors. These types of Notes generally would have a more limited secondary market and more price volatility than conventional debt securities. Illiquidity may have a severely adverse effect on the market value of Notes.

Exchange rate risks and exchange controls

The Issuer will pay principal and interest on the Notes in the Specified Currency. This presents certain risks relating to currency conversions if an investor's financial activities are denominated principally in a currency or currency unit (the "**Investor's Currency**") other than the Specified Currency. These include the risk that exchange rates may significantly change (including changes due to devaluation of the Specified Currency or revaluation of the Investor's Currency) and the risk that authorities with jurisdiction over the Investor's Currency may impose or modify exchange controls. An appreciation in the value of the Investor's Currency relative to the Specified Currency would decrease (i) the Investor's Currency-equivalent yield on the Notes, (ii) the Investor's Currency-equivalent value of the principal payable on the Notes and (iii) the Investor's Currency-equivalent market value of the Notes.

Government and monetary authorities may impose (as some have done in the past) exchange controls that could adversely affect an applicable exchange rate. As a result, investors may receive less interest or principal than expected, or no interest or principal.

Interest rate risks

Investment in Fixed Rate Notes involves the risk that subsequent changes in market interest rates may adversely affect the value of the Fixed Rate Notes.

Credit ratings may not reflect all risks

One or more independent credit rating agencies may assign credit ratings to the Notes and/or the Issuer. The ratings may not reflect the potential impact of all risks related to structure, market, additional factors discussed above, and other factors that may affect the value of the Notes or the standing of the Issuer. A credit rating is not a recommendation to buy, sell or hold securities and may be revised or withdrawn by the rating agency at any time.

Factors which are material for the purpose of assessing the market risks associated with Notes issued under the Programme

The Notes may not be a suitable investment for all investors

Each potential investor of Notes must determine the suitability of that investment in light of its own circumstances. In particular, each potential investor should:

- (i) have sufficient knowledge and experience to make a meaningful evaluation of the relevant Notes, the merits and risks of investing in the relevant Notes and the information contained or incorporated by reference in this Base Prospectus or any applicable supplement to this Base Prospectus;
- (ii) have access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the relevant Notes and the impact such investment will have on its overall investment portfolio;
- (iii) have sufficient financial resources and liquidity to bear all of the risks of an investment in the Notes, including Notes with principal or interest payable in one or more currencies, or where the currency for principal or interest payments is different from the currency in which such potential investor's financial activities are principally denominated;
- (iv) understand thoroughly the terms of the relevant Notes and be familiar with the behaviour of any relevant indices and financial markets; and
- (v) be able to evaluate (either alone or with the help of a financial adviser) possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks.

Some Notes are complex financial instruments and such instruments may be purchased as a way to reduce risk or enhance yield with an understood, measured, appropriate addition of risk to the investor's overall portfolio. A potential investor should not invest in Notes which are complex financial instruments unless it has the expertise (either alone or with the assistance of a financial adviser) to evaluate how the Notes will perform under changing conditions, the resulting effects on the value of such Notes and the impact this investment will have on the potential investor's overall investment portfolio.

Risks related to the structure of a particular issue of Notes

A wide range of Notes may be issued under the Programme. A number of these Notes may have features which contain particular risks for potential investors. Set out below is a description of the most common of such features:

Subordinated Notes

The Issuer may issue Subordinated Notes, which constitute direct, unsecured and subordinated debt obligations of the Issuer and shall at all times rank *pari passu* without preference among themselves and with Subordinated Notes of each other Series and, in the event of a liquidation or bankruptcy of the Issuer, at least *pari passu* with all other present and future indebtedness of the Issuer which is subordinated to the Issuer's non-subordinated creditors. The Issuer has issued, and may further issue, other subordinated notes which rank below these Subordinated Notes. In the event of a liquidation or bankruptcy of the Issuer, it will be required to pay its depositors and other non-subordinated creditors in full before it can make any payments on the Subordinated Notes. If this occurs, the Issuer may not have enough assets remaining after these payments to pay amounts due under the Subordinated Notes.

The shareholders of the Issuer may, pursuant to Condition 10 (*Reduction of Amounts of Principal and Unpaid Interest*), reduce and cancel part or all of the Outstanding Principal Amount and any Arrears of Interest of the Subordinated Notes provided that the requirements set out in Condition 10 (*Reduction of Amounts of Principal and Unpaid Interest*) are met. Investors should note that whilst such reduction is not common, it is an appreciable risk and is not limited to the liquidation or bankruptcy of the Issuer.

Hybrid Tier 1 Capital Notes

The Issuer may issue Hybrid Tier 1 Capital Notes, which constitute direct, unsecured and subordinated debt obligations of the Issuer and shall at all times rank *pari passu* without preference among themselves and with other Hybrid Tier 1 Capital Notes and other capital instruments expressed to be ranking *pari passu* with Hybrid Tier 1 Capital of the Issuer. In the event of a liquidation or bankruptcy of the Issuer,

it will be required to pay its depositors and other non-subordinated creditors and subordinated creditors of the Issuer other than creditors with respect to any Notes expressly stated to rank *pari passu* with or junior to the Hybrid Tier 1 Capital Notes in full before it can make any payments on the Hybrid Tier 1 Capital Notes. If this occurs, the Issuer may not have enough assets remaining after these payments to pay amounts due under the Hybrid Tier 1 Capital Notes.

The shareholders of the Issuer may, pursuant to Condition 10.2 (*Reduction and Cancellation*), reduce and cancel part or all of the Outstanding Principal Amount and any Hybrid Capital Arrears of Interest of the Hybrid Tier 1 Capital Notes provided that the requirements set out in Condition 10.2 (*Reduction and Cancellation*) are met. Investors should note that whilst such reduction is not common, it is an appreciable risk and is not limited to the liquidation or bankruptcy of the Issuer.

The Issuer is under no obligation to redeem the Hybrid Tier 1 Capital Notes at any time and Holders shall have no right to put the Hybrid Tier 1 Capital Notes or call for their redemption.

Deferral and Cancellation of Interest

In respect of each Series of Subordinated Notes and each Series of Hybrid Tier 1 Capital Notes, the Issuer may give notice pursuant to the Terms and Conditions set out herein electing not to pay the interest with respect to the relevant Series of Notes accrued in the Interest Period ending on the day immediately preceding such notice. Any unpaid interest, including interest thereon, becomes payable on the earlier of the date on which the Issuer next satisfies the solvency requirements of the Danish Financial Business Act; the date on which the Outstanding Principal Amount of the Notes of the relevant Series becomes due and payable; or the liquidation or bankruptcy of the Issuer.

In respect of each series of Hybrid Tier 1 Capital Notes, if during the period between the most recent date of approval of the annual accounts of the Issuer and the next succeeding date of approval, the amount of the next interest payment will exceed the Available Free Reserves, such payment will be reduced to the amount of such Available Free Reserves, or, in the case where there are no Available Free Reserves, to zero. Where such reduction of interest occurs and part of the applicable Interest Period falls before the date of approval of the relevant accounts, to the extent that the amount of interest accrued as at the date of approval of the relevant accounts exceeds the amount of the Available Free Reserves, any such excess shall be deferred and shall constitute Hybrid Capital Arrears of Interest. Where interest has ceased to accrue and subsequent annual audited accounts disclose Available Free Reserves, accrual of interest will recommence.

Any interest payment or part thereof which has not been made and has not been deferred in accordance with these provisions will be cancelled and will not fall due at any time thereafter.

Notes subject to optional redemption by the Issuer

An optional redemption feature is likely to limit the market value of Notes. During any period when the Issuer may elect to redeem Notes, the market value of such Notes generally will not rise substantially above the price at which they can be redeemed. This also may be true prior to any redemption period.

The Issuer may be expected to redeem Notes when its cost of borrowing is lower than the interest rate on the Notes. At those times, an investor generally would not be able to reinvest the redemption proceeds at an effective interest rate as high as the interest rate on the Notes being redeemed and may only be able to do so at a significantly lower rate. Potential investors should consider reinvestment risk in light of other investments available at that time.

Notes linked to one or more Relevant Factor(s) (as defined below)

The Issuer may issue Notes with principal or interest determined by reference to an index or formula, to changes in the prices of securities or commodities, to movements in currency exchange rates or other factors (each, a “**Relevant Factor**”). In addition, the Issuer may issue Notes with principal or interest payable in one or more currencies which may be different from the currency in which the Notes are denominated.

Potential investors should be aware that:

- (i) the market price of such Notes may be volatile;
- (ii) they may receive no interest;
- (iii) payment of principal or interest may occur at a different time or in a different currency than expected;
- (iv) the amount of principal payable at redemption may be less than the nominal amount of such Notes or even zero;
- (v) a Relevant Factor may be subject to significant fluctuations that may not correlate with changes in interest rates, currencies or other indices;
- (vi) if a Relevant Factor is applied to Notes in conjunction with a multiplier greater than one or contains some other leverage factor, the effect of changes in the Relevant Factor on principal or interest payable likely will be magnified; and
- (vii) the timing of changes in a Relevant Factor may affect the actual yield to investors, even if the average level is consistent with their expectations. In general, the earlier the change in the Relevant Factor, the greater the effect on yield.

An investment in Notes linked to an index, exchange rate, shares, inflation and/or commodities entails significant risks not associated with a similar investment in conventional fixed or floating rate debt securities.

An investment in Notes the terms of which provide that the principal, premium, if any, and/or interest payable and/or securities deliverable, is linked to one or more currencies or composite currencies (including exchange rates and swap indices between currencies or composite currencies), commodities, securities, basket of securities or securities indices, interest rates or other indices (together, the “**indices**”), either directly or inversely (the “**indexed notes**”), entails significant risks that are not associated with investments in a conventional fixed or floating rate debt security.

These risks include the possibility that an index or indices may be subject to significant changes, that the resulting interest rate will be less than that payable on a conventional fixed or floating rate debt security issued by the Issuer at the same time, that the repayment of principal and/or premium, if any, and/or delivery of securities can occur at times other than that expected by the investor, that, in certain circumstances, the Notes may cease to bear interest and that prospective investors could lose all or a substantial portion of their investment, if any, payable on the maturity date. These risks depend on a number of interrelated factors, including economic, financial and political events, over which the Issuer has no control.

Additionally, if the formula used to determine the amount of principal, premium, if any, and/or interest payable and/or securities deliverable with respect to such Notes contains a multiplier or leverage factor, the effect of any change in the applicable index or indices will be magnified. In recent years, values of certain indices have been highly volatile; such volatility in the past is not necessarily indicative, however, of fluctuations that may occur in the future.

An investment in equity-linked Notes may bear market risks similar to a direct equity investment and investors should take advice accordingly.

In the case of credit-linked Notes and equity-linked Notes (whether cash or physically settled), holders may receive in lieu of any payment of principal certain securities of the reference entities which may have a market value substantially less than that of the initial investment of such holder. In the case of credit-linked Notes, the credit risk of the Notes includes that of the reference entity. Prospective investors should note that they may be required to take delivery of these securities and should ensure that they have the capacity to receive such securities on purchasing the Notes.

The secondary market, if any, for indexed Notes will be affected by a number of factors independent of the Issuer’s creditworthiness, including the complexity and volatility of the index or indices, the creditworthiness of any reference entity or entities, the fluctuation of exchange rates and the prices of

commodities, the method of calculating the principal, premium, if any, and/or interest in respect of indexed Notes, the time remaining to the maturity of such Notes, the outstanding amount of such Notes, any redemption features of such Notes, the amount of other debt securities linked to such index or indices and the level, direction and volatility of market interest rates generally. Such factors also will affect the market value of indexed Notes.

In addition, certain Notes may be designed for specific investment objectives or strategies and, therefore, may have a more limited secondary market and experience more price volatility than conventional debt securities. Prospective investors may not be able to sell such Notes readily or at prices that will enable them to realise their anticipated yield. Prospective investors should not purchase such Notes unless they understand and are able to bear the risks that such Notes may not be readily saleable, that the value of such Notes will fluctuate over time and that such fluctuations may be significant.

PROSPECTIVE PURCHASERS OF NOTES LINKED TO ONE OR MORE RELEVANT FACTORS MUST REVIEW THE RELEVANT FINAL TERMS TO ASCERTAIN WHAT THE RELEVANT FACTOR(S) ARE AND TO SEE HOW BOTH THE AMOUNT OF PRINCIPAL PAYABLE AT REDEMPTION AND ANY INTEREST PAYMENTS ARE DETERMINED AND WHEN ANY SUCH AMOUNTS ARE PAYABLE BEFORE MAKING ANY DECISION TO PURCHASE ANY SUCH NOTES.

Covered Bonds

The Issuer has issued covered bonds in accordance with the Danish Financial Business Act.

In accordance with the UCITS Directive and the Capital Requirement Directive, the covered bonds have the benefit of priority over a matched pool of assets upon bankruptcy of the Issuer. To the extent that claims in relation to the covered bonds and related derivative contracts and any subordinated debt (if any) issued with the benefit of the assets in the cover pool are not met out of the pool of assets or the proceeds arising from it, the residual claims will rank *pari passu* with the unsecured and unsubordinated obligations of the Issuer.

Risks related to Notes generally

Because the Global Notes are held by or on behalf of Euroclear and Clearstream, Luxembourg, investors will have to rely on the clearing system procedures for transfer, payment and communication with the Issuer.

Bearer Notes and Registered Notes issued under the Programme may be represented by one or more Global Notes. Such Global Notes will be deposited with a common depositary or, in the case of New Global Notes, a Common Safe-keeper, for Euroclear and Clearstream, Luxembourg. Except in the circumstances described in the relevant Global Note, investors will not be entitled to receive Definitive Notes. Euroclear and Clearstream, Luxembourg will maintain records of the beneficial interests in the Global Notes. While the Notes are represented by one or more Global Notes, investors will be able to trade their beneficial interests only through Euroclear and Clearstream, Luxembourg.

Because the VP Systems Notes are dematerialised securities, investors will have to rely on the clearing system procedures for transfer, payment and communication with the Issuer.

VP Systems Notes issued under the Programme will not be evidenced by any physical note or document of title other than statements of account made by the VP, VPS, or VPC, as the case may be. Ownership of VP Systems Notes will be recorded and transfer effected only through the book entry system and register maintained by the VP, VPS, or VPC, as the case may be.

Modification and waiver

The Conditions of the Notes contain provisions for calling meetings of Holders to consider matters affecting their interests generally. These provisions permit defined majorities to bind all Holders including

Holders who did not attend and vote at the relevant meeting and Holders who voted in a manner contrary to the majority.

Change of law

The Conditions of the Notes are governed by the laws of England, except for certain provisions set out in Condition 27.1 (*Governing Law*), which will be governed by the laws of Denmark, Norway or Sweden. No assurance can be given as to the impact of any possible judicial decision or change to the laws of England, Denmark, Norway or Sweden or administrative practice after the date of this Base Prospectus.

Notes where denominations involve integral multiples: Definitive Notes

In relation to any issue of Notes which have denominations consisting of a minimum Specified Denomination plus an integral multiple of another smaller amount in excess thereof, it is possible that such Notes may be traded in amounts that are not integral multiples of such minimum Specified Denomination. In such a case a Holder who, as a result of trading such amounts, holds an amount which is less than the minimum Specified Denomination in its account with the relevant clearing system at the relevant time may not receive a Definitive Note in respect of such holding (should Definitive Notes be printed) and would need to purchase a principal amount of Notes such that its holding amounts to a Specified Denomination.

If Definitive Notes are issued, Holders should be aware that Definitive Notes which have a denomination that is not an integral multiple of the minimum Specified Denomination may be illiquid and difficult to trade.

Interests of the Dealers

Certain of the Dealers and their affiliates have engaged, and may in the future, engage in investment banking and/or commercial banking transactions with, and may perform services for, the Issuer and its affiliates in the ordinary course of business.

New Global Form Notes

Though the New Global Note form has been introduced to allow for the possibility of Bearer Notes being issued and held in a manner which will permit them to be recognised as eligible collateral for monetary policy of the central banking system for Eurosystem and intra-day credit operations by the Eurosystem either upon issue or at any or all times during their life, in any particular case such recognition will depend upon satisfaction of the Eurosystem eligibility criteria at the relevant time.

Selling Restrictions:

For a description of certain restrictions on offers, sales and deliveries of Notes and on the distribution of offering material in the United States of America, the European Economic Area, the United Kingdom, Japan, The Netherlands and Denmark, see “Subscription and Sale” below.

SUMMARY OF FORM OF THE NOTES

Words and expressions defined in “Terms and Conditions of the Notes” herein shall have the same meanings in this “Summary of Form of the Notes”.

The Notes of each Series will be in bearer form, registered form or, in the case of VP Systems Notes, uncertificated and dematerialised book entry form.

Form of Bearer Notes

Each Tranche of Bearer Notes will initially be in the form of either a temporary global note (the “**Temporary Global Note**”), without interest Coupons, or a permanent global note (the “**Permanent Global Note**”), without interest Coupons, in each case as specified in the relevant Final Terms. Each Temporary Global Note or, as the case may be, Permanent Global Note (each a “**Global Note**”) which is intended to be issued in CGN form, as specified in the relevant Final Terms, will be deposited on or around the issue date of the relevant Tranche of the Notes with a depositary or a common depositary for Euroclear and Clearstream, Luxembourg and each Global Note which is intended to be issued in NGN form as specified in the relevant Final Terms, will be deposited on or around the relevant issue date with a Common Safe-keeper for Euroclear and/or Clearstream, Luxembourg.

Euroclear and Clearstream, Luxembourg have announced that as of 1 January 2007, the central banking system for the euro (the “**Eurosystem**”) may in certain circumstances cease to accept bearer debt securities in CGN form as eligible collateral for the Eurosystem’s monetary policy and intra-day credit operations by Eurosystem. The NGN form has been introduced so that Notes may continue to be issued and held in a manner which will permit them to be recognised as eligible collateral for monetary policy of the Eurosystem and intra-day credit operations by the Eurosystem either upon issue or at any or all times during their life. However in any particular case such recognition will depend upon satisfaction of the Eurosystem eligibility criteria at the relevant time.

The relevant Final Terms will also specify whether United States Treasury Regulation §1.163-5(c)(2)(i)(C) (the “**TEFRA C Rules**”) or United States Treasury Regulation §1.163-5(c)(2)(i)(D) (the “**TEFRA D Rules**”) are applicable in relation to the Notes or, if the Notes do not have a maturity of more than 365 days, that neither the TEFRA C Rules nor the TEFRA D Rules are applicable.

Temporary Global Note exchangeable for Permanent Global Note

If the relevant Final Terms specifies the form of Notes as being “Temporary Global Note exchangeable for a Permanent Global Note”, then the Notes will initially be in the form of a Temporary Global Note which will be exchangeable, in whole or in part, for interests in a Permanent Global Note, without interest coupons, not earlier than forty days after the issue date of the relevant Tranche of the Notes upon certification as to non-U.S. beneficial ownership.

No payments will be made under the Temporary Global Note unless exchange for interests in the Permanent Global Note is improperly withheld or refused. In addition, interest payments in respect of the Notes cannot be collected without such certification of non-U.S. beneficial ownership.

Whenever any interest in the Temporary Global Note is to be exchanged for an interest in a Permanent Global Note, the Issuer shall procure (in the case of first exchange) the prompt delivery (free of charge to the bearer) of such Permanent Global Note, duly authenticated and, in the case of a NGN, effectuated, to the bearer of the Temporary Global Note or (in the case of any subsequent exchange of a part of the Temporary Global Note) an increase in the principal amount of the Permanent Global Note in accordance with its terms against:

- (i) presentation and (in the case of final exchange) surrender of the Temporary Global Note to or to the order of the Fiscal Agent; and

- (ii) in either case, receipt by the Fiscal Agent of a certificate or certificates of non-U.S. beneficial ownership,

within seven days of the bearer requesting such exchange.

The principal amount of the Permanent Global Note shall be equal to the aggregate of the principal amounts specified in the certificates of non-U.S. beneficial ownership; provided, however, that in no circumstances shall the principal amount of the Permanent Global Note exceed the initial principal amount of the Temporary Global Note.

Temporary Global Note exchangeable for Definitive Notes

If the relevant Final Terms specifies the form of Notes as being “Temporary Global Note exchangeable for Definitive Notes” and also specifies that the TEFRA C Rules are applicable or that neither the TEFRA C Rules or the TEFRA D Rules are applicable, then the Notes will initially be in the form of a Temporary Global Note which will be exchangeable, in whole but not in part, for Notes in definitive form (“**Definitive Notes**”) not earlier than forty days after the issue date of the relevant Tranche of the Notes.

If the relevant Final Terms specifies the form of Notes as being “Temporary Global Note exchangeable for Definitive Notes” and also specifies that the TEFRA D Rules are applicable, then the Notes will initially be in the form of a Temporary Global Note which will be exchangeable, in whole or in part, for Definitive Notes not earlier than forty days after the issue date of the relevant Tranche of the Notes upon certification as to non-U.S. beneficial ownership. Interest payments in respect of the Notes cannot be collected without such certification of non-U.S. beneficial ownership.

Whenever the Temporary Global Note is to be exchanged for Definitive Notes, the Issuer shall procure the prompt delivery (free of charge to the bearer) of such Definitive Notes, duly authenticated and with Coupons and Talons attached (if so specified in the relevant Final Terms), in an aggregate principal amount equal to the principal amount of the Temporary Global Note to the bearer of the Temporary Global Note against the surrender of the Temporary Global Note at the Specified Office of the Fiscal Agent within thirty days of the bearer requesting such exchange save that this paragraph shall not apply if the relevant Final Terms specify denominations consisting of a minimum Specified Denomination plus one or more integral multiples of another smaller amount.

Temporary Global Note exchangeable for Registered Notes

If so specified in the relevant Final Terms, (in the case of a Series comprising both Bearer Notes and Registered Notes) interests in the Temporary Global Note may be exchanged for Registered Notes. An exchange of the Temporary Global Note for Registered Notes will be made at any time or from such date as may be specified in the relevant Final Terms, in each case, without any requirement for certification.

Permanent Global Note exchangeable for Definitive Notes or Registered Notes

If the relevant Final Terms specifies the form of Notes as being “Permanent Global Note exchangeable for Definitive Notes” or “Permanent Global Note exchangeable for Registered Notes”, then the Notes will initially be in the form of a Permanent Global Note which will be exchangeable, in whole but not in part only and at the request of the bearer of the Permanent Global Note, for Definitive Notes and/or (in the case of a Series comprising both Bearer and Registered Notes), Registered Notes:

- (i) on the expiry of such period of notice as may be specified in the relevant Final Terms; or
- (ii) at any time, if so specified in the relevant Final Terms, save that this paragraph (ii) shall not apply if the relevant Final Terms specify denominations consisting of a minimum Specified Denomination plus one or more integral multiples of another smaller amount; or

- (iii) if the relevant Final Terms specifies “in the limited circumstances described in the Permanent Global Note”, then if:
 - (a) Euroclear or Clearstream, Luxembourg or any other relevant clearing system is closed for business for a continuous period of fourteen days (other than by reason of legal holidays) or announces an intention permanently to cease business or in fact does so; or
 - (b) any of the circumstances described in Condition 16 (*Events of Default*) or, in the case of Subordinated Notes or Hybrid Tier 1 Capital Notes, Condition 17 (*Enforcement Events*) occurs.

The Permanent Global Note will become exchangeable, in whole but not in part only and at the request of the Issuer, for Definitive Notes if, by reason of any change in the laws of Denmark, the Issuer will be required to make any withholding or deduction from any payment in respect of the Notes which would not be required if the Notes are in definitive form.

Interest-bearing Definitive Notes will have attached thereto at the time of their initial delivery Coupons. Interest-bearing Definitive Notes, if so specified in the relevant Final Terms, will have attached thereto at the time of their initial delivery, Talons for further coupons and the expression Coupons shall, where the context so requires, include Talons.

Whenever the Permanent Global Note is to be exchanged for Definitive Notes or Registered Notes, the Issuer shall procure the prompt delivery (free of charge to the bearer) of such Definitive Notes, duly authenticated and with Coupons and Talons attached (if so specified in the relevant Final Terms), in an aggregate principal amount equal to the principal amount of the Permanent Global Note to the bearer of the Permanent Global Note against the surrender of the Permanent Global Note to or to the order of the Fiscal Agent or Registrar within 45 days of the bearer requesting such exchange save that paragraph (ii) above shall not apply if the relevant Final Terms specify denominations consisting of a minimum Specified Denomination plus one or more integral multiples of another smaller amount.

If the Issuer does not make the required delivery of Definitive Notes and/or Registered Notes by 6.00 p.m. (London time) on the day on which the relevant notice period expires or, as the case may be, the thirtieth day after the day on which such Permanent Global Note becomes due to be exchanged and in the case of (iii)(b) above, such Note is not duly redeemed (or the funds required for such redemption are not available to the Fiscal Agent for the purposes of effecting such redemption and remain available for such purpose) by 6.00 p.m. (London time) on the thirtieth day after the day at which such Note became immediately redeemable, such Permanent Global Note will become void in accordance with its terms but without prejudice to the rights conferred by the Deed of Covenant.

Form of Registered Notes

In respect of each Tranche of Notes issued in registered form, the Issuer will deliver to each Holder of such Notes a Registered Note and the name of the Holder will be recorded in the register which the Issuer shall procure to be kept by either of the Registrars. Registered Notes will be in substantially the forms (subject to amendment and completion) scheduled to the Agency Agreement. Notes issued in registered form will not be represented upon issue by a Temporary Global Note and Registered Notes will not be exchangeable for Bearer Notes.

Registered Notes held in Euroclear and/or Clearstream, Luxembourg (or any other clearing system) will be represented by a global Registered Note (the “**Global Registered Note**”) which will be registered in the name of a nominee for, and deposited with, a common depositary for Euroclear and Clearstream, Luxembourg (or such other relevant clearing system).

The Global Registered Note will become exchangeable, in whole but not in part only and at the request of the registered holder of the Global Registered Note, for individual Registered Notes:

- (i) on the expiry of such period of notice as may be specified in the relevant Final Terms; or
- (ii) at any time, if so specified in the relevant Final Terms; or
- (iii) if the relevant Final Terms specifies “in the limited circumstances described in the Global Registered Note”, then if:
 - (a) Euroclear or Clearstream, Luxembourg or any other relevant clearing system is closed for business for a continuous period of fourteen days (other than by reason of public holidays) or announces an intention permanently to cease business or in fact does so; or
 - (b) any of the circumstances described in Condition 16 (*Events Default*) or, in the case of Subordinated Notes or Hybrid Tier 1 Capital Notes, Condition 17 (*Enforcement Events*) occurs.

The Global Registered Note will become exchangeable, in whole but not in part only and at the request of the Issuer, for individual Registered Notes if, by reason of any change in the laws of Denmark, the Issuer will be required to make any withholding or deduction from any payment in respect of the Notes which would not be required if the Notes are represented by individual Registered Notes.

Whenever the Global Registered Note is to be exchanged for individual Registered Notes, such Registered Notes will be issued in an aggregate principal amount equal to the principal amount of the Global Registered Note within five business days of the delivery, by or on behalf of the registered Holder of the Global Registered Note, Euroclear and/or Clearstream, Luxembourg, to the Registrar of such information as is required to complete and deliver such Registered Notes (including, without limitation, the names and addresses of the persons in whose names the Registered Notes are to be registered and the principal amount of each such person’s holding) against the surrender of the Global Registered Note at the specified office of the Registrar. Such exchange will be effected in accordance with the provisions of the Agency Agreement and the regulations concerning the transfer and registration of Notes scheduled thereto and, in particular, shall be effected without charge to any Holder, but against such indemnity as the Registrar may require in respect of any tax or other duty of whatsoever nature which may be levied or imposed in connection with such exchange.

If (a) individual Registered Notes have not been issued and delivered by 6.00 p.m. (London time) on the thirtieth day after the date on which the same are due to be issued and delivered in accordance with the terms of the Global Registered Note or (b) any of the Notes evidenced by the Global Registered Note has become due and payable in accordance with the Terms and Conditions or the date for final redemption of the Notes has occurred and, in either case, payment in full of the amount of principal falling due with all accrued interest thereon has not been made to the Holder of the Global Registered Note on the due date for payment in accordance with the terms of the Global Registered Note, then the Global Registered Note (including the obligation to deliver Registered Notes) will become void at 6.00 p.m. (London time) on such thirtieth day (in the case of (a) above) or at 6.00 p.m. (London time) on such date (in the case of (b) above) and the Holder will have no further rights thereunder (but without prejudice to the rights which the Holder or others may have under the Deed of Covenant). Under the Deed of Covenant, persons shown in the records of Euroclear and/or Clearstream, Luxembourg (or any other relevant clearing system) as being entitled to interests in the Notes will acquire directly against the Issuer all those rights to which they would have been entitled if, immediately before the Global Registered Note became void, they had been the registered Holders of Notes in an aggregate principal amount equal to the principal amount of Notes they were shown as holding in the records of Euroclear, Clearstream, Luxembourg or any other relevant clearing system, as the case may be.

Any such notice will be irrevocable and may not be withdrawn.

Partial exercise of call option: In connection with an exercise of the option contained in Condition 11.3 (*Redemption at the option of the Issuer*) in relation to some only of the Notes, the Permanent Global Note may be redeemed in part in the principal amount specified by the Issuer in accordance with the Conditions and the Notes to be redeemed will not be selected as provided in the Conditions, but in accordance with the rules and procedures of Euroclear and Clearstream, Luxembourg (to be reflected in the records of Euroclear and Clearstream, Luxembourg as either a pool factor or a reduction in principal amount, at their discretion).

Notices: Notwithstanding Condition 23 (*Notices*), while all the Notes are represented by a Temporary Global Note or a Permanent Global Note and such Temporary Global Note or Permanent Global Note is deposited with a depositary or a common depositary for Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system or a Common Safe-keeper, notices to Noteholders may be given by delivery of the relevant notice to Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system and, in any case, such notices shall be deemed to have been given to the Noteholders in accordance with Condition 23 (*Notices*) on the date of delivery to Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system, except that, for so long as such Notes are admitted to trading on the regulated market of the Luxembourg Stock Exchange and it is a requirement of applicable law or regulations, such notices shall be published on the website of the Luxembourg Stock Exchange (www.bourse.lu).

For this purpose a “**sub-unit**” means, in the case of any currency other than euro, the lowest amount of such currency that is available as legal tender in the country of such currency and, in the case of euro, means one cent. Where the Specified Denomination of a Note is the Calculation Amount, the amount of interest payable in respect of such Note shall be the Interest Amount. - (ii) in any other case, the Calculation Agent will determine the arithmetic mean of the Reference Rates which appear on the Relevant Screen Page as of the Relevant Time on the relevant Interest Determination Date;
- (iii) if, in the case of Condition 7.3(i) above, such rate does not appear on that page or, in the case of Condition 7.3(ii) above, fewer than two such rates appear on that page or if, in either case, the Relevant Screen Page is unavailable, the Calculation Agent will:

and the Rate of Interest for such Interest Period shall be the sum of the Margin and the rate or, as the case may be, the arithmetic mean so determined; provided, however, that if the Calculation Agent is unable to determine a rate or, as the case may be, an arithmetic mean in accordance with the above provisions in relation to any Interest Period, the Rate of Interest applicable to the Notes during such Interest Period will be the sum of the Margin and the rate or, as the case may be, the arithmetic mean last determined in relation to the Notes in respect of a preceding Interest Period.

7.4 *ISDA Determination:* If ISDA Determination is specified in the relevant Final Terms as the manner in which the Rate(s) of Interest is/are to be determined, the Rate of Interest applicable to the Notes for each Interest Period will be the sum of the Margin and the relevant ISDA Rate where “ISDA Rate” in relation to any Interest Period means a rate equal to the Floating Rate (as defined in the ISDA Definitions) that would be determined by the Calculation Agent under an interest rate swap transaction if the Calculation Agent were acting as Calculation Agent for that interest rate swap transaction under the terms of an agreement incorporating the ISDA Definitions and under which:

The Interest Amount will be calculated by applying the Rate of Interest for such Interest Period to the Calculation Amount, multiplying the product by the relevant Day Count Fraction and rounding the resulting figure to the nearest sub-unit (as defined in Condition 6.4 (*Calculation of interest amount*)) of the Specified Currency (half a sub-unit being rounded upwards). Where the Specified Denomination of a Note is the Calculation Amount, the amount of interest payable in respect of such Note shall be the Interest Amount. Where the Specified Denomination of a Note is a multiple of the Calculation Amount, the amount of interest payable in respect of such Note shall be the product of the Interest Amount and the amount by which the Calculation Amount is multiplied to reach the Specified Denomination, without any further rounding.
- 7.8 *Calculation of other amounts:* If the relevant Final Terms specifies that any other amount is to be calculated by the Calculation Agent, the Calculation Agent will, as soon as practicable after the time or times at which any such amount is to be determined, calculate the relevant amount. The relevant amount will be calculated by the Calculation Agent in the manner specified in the relevant Final Terms.
- 7.9 *Publication:* The Calculation Agent will cause each Rate of Interest and Interest Amount determined by it, together with the relevant Interest Payment Date, and any other amount(s) required to be determined by it together with any relevant payment date(s) to be notified to the Paying Agents (and if applicable, the Registrar), each listing authority, stock exchange and/or quotation system (if any) by which the Notes have then been admitted to listing, trading and/or quotation and, in the case of VP Systems Notes, the VP, VPS or the VPC, as the case may be, and the VP Systems Agent as soon as practicable after such determination but (in the case of each Rate of Interest, Interest Amount and Interest Payment Date) in any event not later than the first day of the relevant Interest Period. Any interest in respect of the relevant Series of Subordinated Notes not paid on an Optional Interest Payment Date, together with any other interest in respect of the relevant Series of Subordinated Notes not paid on any other Optional Interest Payment Date, shall, so long as the same remains unpaid, constitute “**Arrears of Interest**”. Interest will accrue on the amount of Arrears of Interest at the Rate of Interest from time to time applicable to the relevant Series of Subordinated Notes, and such amount of interest (the “**Additional Interest Amount**”) accrued up to any Interest Payment Date shall be added, for the purpose only of calculating the Additional Interest Amounts accruing thereafter, to the amount of Arrears of Interest remaining unpaid or not cancelled on such Interest Payment Date.
- 9.3 *Option to Defer Interest – Hybrid Tier 1 Capital Notes:* The Issuer may, on any Optional Interest Payment Date, defer payment of interest in respect of the Hybrid Tier 1 Capital Notes accrued in the Interest Period ending on the day immediately preceding such date. Any interest in respect of the relevant Series of Hybrid Tier 1 Capital Notes not paid on an Optional Interest Payment Date, together with any other interest in respect of the relevant Series of Hybrid Tier 1 Capital Notes not paid on any other Optional Interest Payment Date and any mandatory deferred interest as outlined under Condition 9.6 (*Mandatory Deferral of Interest and Interest Cancellation – Hybrid Tier 1 Capital Notes*) below, shall, so long as the same remains unpaid or not cancelled, constitute “**Hybrid Capital Arrears of Interest**”. Interest will accrue on the amount of Hybrid Capital Arrears of Interest at the Rate of Interest from time to time applicable to the relevant Series of Notes, and such amount of interest (the “**Hybrid Capital Additional Interest Amount**”) accrued up to any Interest Payment Date shall be added, for the purpose only of calculating the Hybrid Capital Additional Interest Amount accruing thereafter, to the amount of Hybrid Capital Arrears of Interest remaining unpaid or not cancelled on such Interest Payment Date.
- 9.4 *Arrears of Interest becomes payable:* Subject to Condition 10 (*Reduction of Amounts of Principal and Unpaid Interest*), Arrears of Interest or Hybrid Capital Arrears of Interest, as the case may be (together with all corresponding Additional Interest Amount or Hybrid Capital Additional Interest Amount, as the case may be, but excluding any interest which has been cancelled) in respect of the relevant Series of Notes for the time being outstanding shall become due in full on the earlier of:
 - (i) the date on which the Issuer next satisfies the solvency requirements of the Danish Financial Business Act;
 - (ii) the date upon which the Outstanding Principal Amount of the Notes of the relevant Series becomes due and payable (if relevant) or redeemed according to Condition 11.2 (*Early Redemption following a Tax Event or a Capital Event*) or Condition 11.3 (*Redemption at the option of the Issuer*); or
 - (iii) the liquidation or bankruptcy of the Issuer.
- 9.5 *Notice of Interest Deferral:* The Issuer shall give notice to the Noteholders in accordance with Condition 23 (*Notices*) of any Optional Interest Payment Date on which the Issuer shall elect, as described above, not to make such interest payment. Any such notice shall apply to each succeeding Optional Interest Payment Date until the next Interest Payment Date to occur on which the Issuer satisfies the solvency requirements of the Danish Financial Business Act. Notwithstanding the

foregoing, failure to give such notice shall not prejudice the right of the Issuer not to pay interest as described above. The Issuer shall also give notice to the Noteholders of any date upon which any amounts in respect of Arrears of Interest, as the case may be, or Hybrid Capital Arrears of Interest and/or Additional Interest Amounts or Hybrid Capital Additional Interest Amounts, as the case may be, shall become due and payable under Condition 9.4 (*Arrears of Interest becomes payable*).

- 9.6 *Mandatory Deferral of Interest and Interest Cancellation – Hybrid Tier 1 Capital Notes:* The aggregate amount of interest payments in respect of the Hybrid Tier 1 Capital Notes during the period between the most recent date of approval of the annual accounts of the Issuer and the next succeeding date of approval of the annual accounts of the Issuer may not exceed the amount of Available Free Reserves (as defined below) shown in the annual accounts of the Issuer approved on the first-mentioned date. Accrual of interest will cease with effect from the date of approval of the relevant annual audited accounts if the Issuer has no Available Free Reserves. In the event that the amount of the next interest payment will exceed the Available Free Reserves, such payment will be reduced to the amount of such Available Free Reserves, or, in the case where there are no Available Free Reserves, to zero. Where such reduction of interest occurs and part of the applicable Interest Period falls before the date of approval of the relevant accounts, to the extent that the amount of interest accrued as at the date of approval of the relevant accounts exceeds the amount of the Available Free Reserves, any such excess shall be deferred and shall constitute Hybrid Capital Arrears of Interest. Where interest has ceased to accrue and subsequent annual audited accounts disclose Available Free Reserves, accrual of interest will recommence, provided, however, that the amount of the first payment due after the date of approval of such accounts will be restricted to the amount accrued from the date of approval of those accounts to the relevant Interest Payment Date.

In the event that less than full payment is to be made on any Interest Payment Date, the amount to be paid to any Holder of the Hybrid Tier 1 Capital Notes will represent a *pro rata* share of the full amount available for payment, calculated by reference to the principal amount of the relevant holding as a proportion of the total Outstanding Principal Amount of Hybrid Tier 1 Capital Notes plus the outstanding principal amount of any *pari passu* ranking capital instruments outstanding.

Any interest payment or part thereof which has not been made in accordance with these provisions will, to the extent such interest payment or part thereof has not been deferred in accordance with these provisions, be cancelled and will not fall due at any time thereafter. The Issuer shall give notice to Holders of the Hybrid Tier 1 Capital Notes in accordance with Condition 23 (*Notices*) of any deferral or cancellation of interest payment as applicable.

For the purposes of this Condition, “**Available Free Reserves**” means the amount of free reserves (consisting of the retained profit brought forward from prior fiscal years, the retained profit for the most recent fiscal year and other reserves available for distribution of dividends) as disclosed in the Issuer’s most recent audited annual financial accounts, prepared in accordance with generally accepted accounting principles in Denmark (“**Danish Accounting Principles**”), as reduced by any payments already made since the date of such accounts by reference to free reserves disclosed therein.

- 9.7 *Dividend suspension:* The Issuer shall not declare, pay or make any dividend or other distribution on any class of its share capital nor shall the Issuer redeem, repurchase or otherwise acquire (i) any of its share capital, (ii) any subordinated loan capital ranking *pari passu* with the Subordinated Notes or any Hybrid Tier 1 securities ranking *pari passu* with the Hybrid Tier 1 Capital Notes, as the case may be, or (iii) any obligations of the Issuer expressed to rank junior to the Subordinated Notes or Hybrid Tier 1 Capital Notes, as the case may be, until (subject to reduction or cancellation as described in Condition 10 (*Reduction of Amounts of Principal and Unpaid Interest*)) either all Arrears of Interest or Hybrid Capital Arrears of Interest, as the case may be (together with all corresponding Additional Interest Amounts or Hybrid Capital Additional Interest Amounts, as the case may be, but excluding any interest which has been cancelled) are paid in full and/or full interest payments are resumed following interest cancellation for the Hybrid Tier 1 Capital Notes in accordance with Condition 9.6 (*Mandatory Deferral of Interest and Interest Cancellation – Hybrid Tier 1 Capital Notes*) and have been paid for one annual or four consecutive quarterly Interest Periods, as applicable.

Notwithstanding this restriction, the Issuer may take such actions (a) in connection with transactions effected by or for the account of customers of the Issuer in connection with distribution, trading or market making in respect of those securities, (b) in connection with the satisfaction by the Issuer of its obligations under any existing or future employee benefit plans or similar arrangements with or for the benefit of employees, officers, directors or consultants of the Issuer or any of its subsidiaries, or (c) otherwise as required by law.

10. Reduction of Amounts of Principal and Unpaid Interest

10.1 *Applicability:* This Condition 10 is applicable only in relation to Subordinated Notes and Hybrid Tier 1 Capital Notes.

10.2 *Reduction and Cancellation:* The Issuer, by a resolution passed at a general meeting of its shareholders duly convened in accordance with Danish law and the Issuer's Articles of Association, may resolve to reduce and cancel:

- (i) in the case of Subordinated Notes, part or all of the Outstanding Principal Amount of each relevant Series of the Notes and any Arrears of Interest thereon (together with all corresponding Additional Interest Amounts) on a *pro rata* basis with all of the Issuer's outstanding subordinated loan capital and other instruments expressed to be ranking *pari passu* with subordinated loan capital; or
- (ii) in the case of Hybrid Tier 1 Capital Notes, part or all of the Outstanding Principal Amount of each relevant Series of the Notes and any Hybrid Capital Arrears of Interest thereon (together with all corresponding Hybrid Capital Additional Interest Amounts) on a *pro rata* basis with all of the Issuer's other outstanding Hybrid Tier 1 Capital Notes and other capital instruments expressed to be ranking *pari passu* with Hybrid Tier 1 Capital,

in either case, upon the occurrence of all of the following circumstances:

- (a) the equity capital of the Issuer has been lost;
 - (b) a general meeting of the shareholders of the Issuer has effectively resolved in accordance with Danish law and the Issuer's Articles of Association to reduce to zero the share capital of the Issuer; and
 - (c) following the resolution referred to in (b) above either: (I) sufficient new share and/or other capital of the Issuer is subscribed or contributed so as to enable the Issuer, following any such reduction of the Outstanding Principal Amount of the Notes comprising the relevant Series and any Arrears of Interest or Hybrid Capital Arrears of Interest, as the case may be, thereon (together with all corresponding Additional Interest Amounts or Hybrid Capital Additional Interest Amounts, as the case may be, but excluding any interest which has been cancelled), to comply with the solvency requirements of the Danish Financial Business Act, or (II) the Issuer discontinues its business without a loss to its non-subordinated creditors.
- 10.3 *Prior Approvals and Notice:* The amount of any such reduction shall be subject to the prior approval of the Issuer's elected external auditors and the DFSA. The Issuer will give notice of any such reduction and cancellation immediately following the passing of such resolution in accordance with Condition 23 (*Notices*).
- 10.4 *Effect:* The reduction and cancellation will take effect *pro rata* on the date specified in the relevant resolution approving any such reduction and cancellation and in the following order:
- (i) Hybrid Capital Arrears of Interest (together with all corresponding Hybrid Capital Additional Interest Amounts but excluding any interest which has been cancelled);
 - (ii) Outstanding Principal Amount of the Hybrid Tier 1 Capital Notes comprising the relevant Series;

- (iii) Arrears of Interest on the Subordinated Notes (together with all corresponding Additional Interest Amounts but excluding any interest which has been cancelled); and
- (iv) Outstanding Principal Amount of the Subordinated Notes comprising the relevant Series.

Holders of the relevant Series of Notes will thereafter cease to have any claim in respect of any amounts so reduced and cancelled. To the extent that only part of the Outstanding Principal Amount of the Notes of the relevant Series or Arrears of Interest or Hybrid Capital Arrears of Interest, as the case may be, thereon (together with all corresponding Additional Interest Amounts or Hybrid Capital Additional Interest Amounts, as the case may be, but excluding any interest which has been cancelled) has been so reduced, interest will continue to accrue in accordance with the terms hereof on the Outstanding Principal Amount of the Notes of the relevant Series and any Arrears of Interest or Hybrid Capital Arrears of Interest, as the case may be.

11. Redemption and Purchase

11.1 *Scheduled redemption:* Unless previously redeemed, or purchased and cancelled or unless such Note is stated in the relevant Final Terms as having no fixed Maturity Date, the Notes will be redeemed at their Final Redemption Amount on the Maturity Date, subject as provided in Condition 12 (*Payments – Bearer Notes*), Condition 13 (*Payments – Registered Notes*) or Condition 14 (*Payments – VP Systems Notes*), as applicable.

11.2 *Early Redemption following a Tax Event or a Capital Event:*

(A) This Condition 11.2 (A) shall only apply to Unsubordinated and Subordinated Notes:

(i) Tax Event: If, in relation to any Series of Notes:

(a) as a result of any change in the laws, regulations or rulings of Denmark or of any political subdivision thereof or any authority or agency therein or thereof having power to tax or in the interpretation or administration of any such laws, regulations or rulings which becomes effective on or after the date of issue of such Notes or any other date specified in the relevant Final Terms, the Issuer would be required to pay additional amounts as provided in Condition 15 (*Taxation*); and

(b) such obligation cannot be avoided by the Issuer taking reasonable measures available to it,

the Issuer may, at its option (but, in the case of Subordinated Notes, subject to consent thereof having been obtained from the DFSA) and having given no less than thirty nor more than sixty days' notice (ending, in the case of the Notes which bear interest at a floating rate, on a day upon which interest is payable) to the Holders of the Notes in accordance with Condition 23 (*Notices*) (which notice shall be irrevocable), redeem all (but not some only) of the outstanding Notes comprising the relevant Series at their Early Redemption Amount (Tax), together with accrued interest (if any) thereon, provided, however, that no such notice of redemption may be given earlier than ninety days (or, in the case of Notes which bear interest at a floating rate, a number of days which is equal to the aggregate of the number of days falling within the then current interest period applicable to the Notes plus sixty days) prior to the earliest date on which the Issuer would be obliged to pay such additional amounts were a payment in respect of the Notes then due.

(ii) *Capital Event:* In the case of Subordinated Notes, the Issuer may, subject to the prior approval of the DFSA, if required, and having given no less than thirty nor more than sixty days' notice (ending, in the case of the Subordinated Notes which bear interest at a floating rate, on a day upon which interest is payable) to the Holders of the Subordinated Notes in accordance with Condition 23 (*Notices*) (which notice shall be irrevocable), redeem all (but not some only) of the outstanding Subordinated Notes

comprising the relevant Series of Subordinated Notes at any time at the Capital Event Amount (Subordinated Notes), if the Issuer is advised by the DFSA that the Subordinated Notes are not eligible for inclusion in full in the subordinated loan capital (*ansvarlig lånekapital*) of the Issuer.

The Issuer may not exercise any such option in respect of any Note which is the subject of the prior exercise by the Holder of its Put Option (if applicable) pursuant to Condition 11.5 (*Redemption at the option of Holder*).

(B) This Condition 11.2 (B) shall only apply to Hybrid Tier 1 Capital Notes.

- (i) *Tax Event*: In relation to Hybrid Tier 1 Capital Notes, the Issuer may, at its option, but subject to the prior approval of the DFSA, and having given no less than thirty nor more than sixty days' notice (ending, in the case of the Hybrid Tier 1 Capital Notes which bear interest at a floating rate, on a day upon which interest is payable) to the Holders of the Hybrid Tier 1 Capital Notes in accordance with Condition 23 (*Notices*) (which notice shall be irrevocable), redeem all (but not some only) of the outstanding Hybrid Tier 1 Capital Notes comprising the relevant Series of Hybrid Tier 1 Capital Notes at any time prior to the first Optional Redemption Date (Call), if, as a result of (each a "**Tax Event**") (1) any amendment to or change (including any announced prospective change) in, the laws or treaties (or any regulations thereunder) of Denmark, or any political subdivision thereof or any authority or agency therein or thereof having power to tax, affecting taxation or (2) any amendment to or change in the official position or the interpretation of any such laws, treaties, or regulations, by any legislative body, court, governmental authority or regulatory body, which amendment or change occurs on or after the date of issue of the Hybrid Tier 1 Capital Notes, the Issuer determines that there is more than an insubstantial risk that (a) the Issuer is, or will be, subject to more than a *de minimis* amount of taxes, duties, assessments or other governmental charges of whatever nature or civil liabilities with respect to the Hybrid Tier 1 Capital Notes, (b) the Issuer's treatment of items of expense with respect to the Hybrid Tier 1 Capital Notes as deductible interest expense for Danish tax purposes as reflected on the tax returns (including estimated returns) filed (or to be filed) by the Issuer will not be respected by a taxing authority, which subjects the Issuer to more than a *de minimis* amount of additional taxes, duties or other governmental changes, or (c) the Issuer would be required to pay Additional Amounts as described in Condition 15 (*Taxation*).
- (ii) *Capital Event*: The Issuer may, subject to the prior approval of the DFSA, if required, and having given no less than thirty nor more than sixty days' notice (ending, in the case of the Hybrid Tier 1 Capital Notes which bear interest at a floating rate, on a day upon which interest is payable) to the Holders of the Hybrid Tier 1 Capital Notes in accordance with Condition 23 (*Notices*) (which notice shall be irrevocable), redeem all (but not some only) of the outstanding Hybrid Tier 1 Capital Notes comprising the relevant Series of Hybrid Tier 1 Capital Notes at any time prior to the first Optional Redemption Date (Call), if the Issuer is advised by the DFSA that the Hybrid Tier 1 Capital Notes are not eligible for inclusion in full in the Tier 1 Capital of the Issuer (a "**Capital Event**").
- (iii) *Redemption Amount*: Where the Hybrid Tier 1 Capital Notes are redeemed prior to the first Optional Redemption Date (Call), upon the occurrence of a Tax Event or Capital Event (the due date of redemption in respect of which shall be the "**Special Event Redemption Date**"), the redemption amount, per Note, on a Special Event Redemption Date shall be equal to the Hybrid Capital Early Redemption Amount.

The "**Hybrid Capital Early Redemption Amount**" will: (1) in the case of a Tax Event described in clause (i) (c) above, be equal to 100 per cent. of the Outstanding Principal Amount of such Hybrid Tier 1 Capital Notes; (2) in the case of any other Tax Event or a Capital Event, as the case may be, be equal to the greater of 100 per cent. of the

Outstanding Principal Amount of such Hybrid Tier 1 Capital Notes and the Make Whole Amount (as defined below); and (3) in each case, include any unpaid interest accrued with respect to such Hybrid Tier 1 Capital Notes to, but excluding, the Special Event Redemption Date (which, for the avoidance of doubt, shall include any applicable Hybrid Capital Arrears of Interest and Hybrid Capital Additional Interest Amounts, but exclude interest which has been cancelled).

All Hybrid Tier 1 Capital Notes which are redeemed pursuant to a Tax Event or Capital Event will forthwith be cancelled and accordingly may not be reissued or resold.

- (iv) For the purposes of this Condition 11.2(B):

“Adjusted Yield” means the gross redemption yield on the relevant Comparable Security (as specified in the relevant Final Terms) plus the applicable Special Margin (as specified in the relevant Final Terms); and

“Make Whole Amount” means an amount equal to (i) the present value of the Outstanding Principal Amount of the Hybrid Tier 1 Capital Notes discounted from the first Optional Redemption Date (Call) to the Special Event Redemption Date, plus (ii) the present values of scheduled annual interest payments from the Special Event Redemption Date to and including the first Optional Redemption Date (Call). The present values calculated in (i) and (ii) above shall be calculated by discounting the relevant amounts to the Special Event Redemption Date on an annual basis at the Adjusted Yield.

Under the DFSA’s interpretation of the laws and the regulations currently in effect in Denmark, the DFSA may not grant an approval for the redemption of Hybrid Tier 1 Capital Notes earlier than ten years after the initial issuance of the relevant securities. However, the DFSA may, under special circumstances, authorise such redemption not earlier than five years after the issuance. Therefore, in the absence of a change in the relevant Danish laws and regulation or in their interpretation, the Issuer would not be in a position to redeem the Hybrid Tier 1 Capital Notes within five years of initial issuance and may not receive approval for such redemption prior to ten years having elapsed from initial issuance. Even after such time, approval for such redemption remains at the discretion of the DFSA.

- 11.3 *Redemption at the option of the Issuer:* If the Call Option is specified in the relevant Final Terms as being applicable, the Notes may be redeemed at the option of the Issuer (but in the case of Subordinated Notes, subject to the consent thereto having been obtained from the DFSA) in whole or, if so specified in the relevant Final Terms, in part on any Optional Redemption Date (Call) at the relevant Optional Redemption Amount (Call), together with accrued interest (if any) thereon upon the Issuer’s giving not less than thirty days’ notice (or such lesser period as may be specified in the relevant Final Terms) to the Holders in accordance with Condition 23 (*Notices*) (which notice shall be irrevocable and shall oblige the Issuer to redeem the Notes or, as the case may be, the Notes specified in such notice on the relevant Optional Redemption Date (Call)).

If the Notes are Bearer Notes or Registered Notes, the notice to Holders referred to in this Condition 11.3 shall specify the serial numbers of the Notes so to be redeemed.

If any Maximum Redemption Amount or Minimum Redemption Amount is specified in the relevant Final Terms, then the Optional Redemption Amount (Call) shall in no event be greater than the maximum or be less than the minimum so specified.

The Issuer may not exercise such option in respect of any Note which is the subject of the prior exercise by the Holder of its Put Option pursuant to Condition 11.5 (*Redemption at the option of Holder*).

- 11.4 *Partial redemption:* If the Notes are to be redeemed in part only on any date in accordance with Condition 11.3 (*Redemption at the option of the Issuer*):

- (i) in the case of Bearer Notes, the Notes to be redeemed shall be drawn by lot in such European city as the Fiscal Agent may specify, or identified in such other manner or in such other place as the Fiscal Agent may approve and deem appropriate and fair;
- (ii) in the case of Registered Notes, the Notes shall be redeemed (so far as may be practicable) *pro rata* to their principal amounts, provided always that the amount redeemed in respect of each Note shall be equal to the minimum denomination thereof or an integral multiple thereof, subject always to compliance with all applicable laws and the requirements of any listing authority, stock exchange or quotation system on which the relevant Notes may be listed, traded or quoted; or
- (iii) in the case of VP Systems Notes, the VP Systems Notes to be redeemed shall be selected in accordance with the standard procedures of the VP, VPS or the VPC, as the case may be, from time to time.

In the case of the redemption of part only of a Registered Note, a new Registered Note in respect of the unredeemed balance shall be issued in accordance with Condition 4 (*Transfer of Registered Notes and exchange of Bearer Notes for Registered Notes*) which shall apply as in the case of a transfer of Registered Notes as if such new Registered Note were in respect of the untransferred balance.

- 11.5 *Redemption at the option of Holder:* If the Put Option is specified in the relevant Final Terms as being applicable, upon a Holder of any Note giving not less than forty-five nor more than sixty days' notice to the Issuer, the Issuer will redeem such Note on the Optional Redemption Date (Put) at the relevant Optional Redemption Amount (Put) together with interest (if any) accrued to such date.

If the Note is a Bearer Note or a Registered Note, in order to exercise the option contained in this Condition 11.5, the Holder of such Note must, within the notice period set out above, deposit at the Specified Offices of any Paying Agent (in the case of Bearer Notes) or the Registrar (in the case of Registered Notes) such Note together with all unmatured Coupons relating thereto and a duly completed Put Option Notice in the form obtainable from any Paying Agent or Registrar specifying the aggregate Outstanding Principal Amount in respect of which such option is exercised. The Paying Agent or Registrar with which a Note is so deposited shall deliver a duly completed Put Option Receipt to the depositing Holder. No Note, once deposited with a duly completed Put Option Notice in accordance with this Condition 11.5, may be withdrawn; provided, however, that if, prior to the relevant Optional Redemption Date (Put), any such Note becomes immediately due and payable or, upon due presentation of any such Note on the relevant Optional Redemption Date (Put), payment of the redemption moneys is improperly withheld or refused, the relevant Paying Agent or Registrar, as the case may be, shall mail notification thereof to the depositing Holder at such address as may have been given by such Holder in the relevant Put Option Notice and shall hold such Note at its Specified Office for collection by the depositing Holder against surrender of the relevant Put Option Receipt. For so long as any outstanding Note is held by a Paying Agent or Registrar, as the case may be, in accordance with this Condition 11.5, the depositor of such Note and not such Paying Agent shall be deemed to be the holder of such Note for all purposes.

If the Note is a VP Systems Note, in order to exercise the option contained in this Condition 11.5, the Holder of such Note, must, within the notice period set out above, give notice to the VP Systems Agent of such exercise in accordance with the standard procedures of the VP, VPS or the VPC, as the case may be, from time to time.

The Holder of a Note may not exercise such Put Option in respect of any Note which is the subject of an exercise by the Issuer of its Call Option.

In the case of the redemption of part only of a Registered Note, a new Registered Note in respect of the unredeemed balance shall be issued in accordance with Condition 4 (*Transfer of Registered Notes and exchange of Bearer Notes for Registered Notes*) which shall apply as in the case of a transfer of Registered Notes as if such new Registered Note were in respect of the untransferred balance.

11.6 *Early redemption of Zero Coupon Notes:* Unless otherwise specified in the relevant Final Terms, the Redemption Amount payable on redemption of a Zero Coupon Note at any time before the Maturity Date shall be an amount equal to the sum of:

- (i) the Reference Price; and
- (ii) the product of the Accrual Yield (compounded annually) being applied to the Reference Price from (and including) the Issue Date to (but excluding) the date fixed for redemption or, as the case may be, the date upon which the Note becomes due and payable.

Where such calculation is to be made for a period which is not a whole number of years, the calculation in respect of the period of less than a full year shall be made on the basis of such Day Count Fraction as may be specified in the relevant Final Terms for the purposes of this Condition 11.6 or, if none is so specified, a Day Count Fraction of 30E/360.

11.7 *Purchase:* The Issuer or any of its Subsidiaries (but in the case of Subordinated Notes, subject to consent thereto having been obtained from the DFSA, if required) may at any time purchase Notes in the open market or otherwise and at any price, provided that, in the case of Bearer Notes, all unmatured Coupons are purchased therewith. Such Notes may be held, reissued, resold or, in the case of Bearer Notes or Registered Notes, surrendered to any Paying Agent for cancellation.

11.8 *Cancellation:* All Notes which are redeemed will forthwith (and, in the case of Subordinated Notes, with the prior written consent of the DFSA) be cancelled (together with all unmatured Coupons attached thereto or surrendered therewith at the time of redemption). All Notes so cancelled and the Notes purchased and cancelled pursuant to Condition 11.7 (*Purchase*) above (together, in the case of Bearer Notes, with all unmatured Coupons cancelled therewith) shall be forwarded to the Fiscal Agent or, in the case of VP Systems Notes, shall be deleted from the records of the VP, VPS or VPC, as the case may be, and, in either case, cannot be reissued or resold.

12. Payments – Bearer Notes

12.1 *Principal:* Payments of principal shall be made only against presentation and (provided that payment is made in full), surrender of the relevant Bearer Notes at the Specified Office of any Paying Agent outside the United States by cheque drawn in the currency in which the payment is due on, or by transfer to an account denominated in that currency (or, if that currency is euro, any other account to which euro may be credited or transferred) and maintained by the payee with, a bank in the Applicable Financial Centre of that currency (in the case of a Sterling cheque, a town clearing branch of a bank in the City of London).

12.2 *Interest:* Payments of interest shall, subject to Condition 12.8 (*Payments other than in respect of matured Coupons*) below, be made only against presentation and (provided that payment is made in full) surrender of the appropriate Coupons at the Specified Office of any Paying Agent outside the United States in the manner described in Condition 12.1 (*Principal*) above.

12.3 *Payments in New York City:* Payments of principal or interest may be made at the Specified Office of a Paying Agent in New York City if

- (i) the Issuer has appointed Paying Agents outside the United States with the reasonable expectation that such Paying Agents will be able to make payment of the full amount of the interest on the Notes in the currency in which the payment is due when due,
- (ii) payment of the full amount of such interest at the offices of all such Paying Agents is illegal or effectively precluded by exchange controls or other similar restrictions, and
- (iii) payment is permitted by applicable United States law.

12.4 *Payments subject to fiscal laws:* All payments in respect of the Notes are subject in all cases to any applicable fiscal or other laws and regulations in the place of payment, but without prejudice to the

provisions of Condition 15 (*Taxation*). No commissions or expenses shall be charged to the Holders in respect of such payments.

12.5 *Deductions for unmatured Coupons*: If the relevant Final Terms specify that the Fixed Rate Note Provisions are applicable (and, in the absence of specification, this Condition 12.5 shall apply to Notes which bear interest at a fixed rate or rates or in fixed amounts) and a Note is presented for final redemption (or partial redemption in accordance with Condition 11.3 (*Redemption at the option of the Issuer*) or Condition 11.4 (*Partial redemption*)) without all unmatured Coupons relating thereto:

- (i) if the aggregate amount of the missing Coupons is less than or equal to the amount of principal due for payment, a sum equal to the aggregate amount of the missing Coupons will be deducted from the amount of principal due for payment; provided, however, that if the gross amount available for payment is less than the amount of principal due for payment, the sum deducted will be that proportion of the aggregate amount of such missing Coupons which the gross amount actually available for payment bears to the amount of principal due for payment;
- (ii) if the aggregate amount of the missing Coupons is greater than the amount of principal due for payment:
 - (a) so many of such missing Coupons shall become void (in inverse order of maturity) as will result in the aggregate amount of the remainder of such missing Coupons (the “**Relevant Coupons**”) being equal to the amount of principal due for payment; provided, however, that where this sub-paragraph would otherwise require a fraction of a missing Coupon to become void, such missing Coupon shall become void in its entirety; and
 - (b) a sum equal to the aggregate amount of the Relevant Coupons (or, if less, the amount of principal due for payment) will be deducted from the amount of principal due for payment; provided, however, that, if the gross amount available for payment is less than the amount of principal due for payment, the sum deducted will be that proportion of the aggregate amount of the Relevant Coupons (or, as the case may be, the amount of principal due for payment) which the gross amount actually available for payment bears to the amount of principal due for payment.

Each sum of principal so deducted shall be paid in the manner provided in Condition 12.1 (*Principal*) against presentation and (provided that payment is made in full) surrender of the relevant missing Coupons subject to Condition 18 (*Prescription*).

12.6 *Unmatured Coupons void*: If the relevant Final Terms specify that this Condition 12.6 is applicable or that the Floating Rate Note Provisions or the Index-Linked Interest Note Provisions are applicable (or, in the absence of specification, this Condition 12.6 shall apply to Notes which bear interest at a floating rate or rates or in variable amounts), on the due date for final redemption of any Note or early redemption in whole of such Note pursuant to Condition 11.2 (*Early Redemption following a Tax Event or a Capital Event*), Condition 11.3 (*Redemption at the option of the Issuer*), Condition 11.5 (*Redemption at the option of Holder*), Condition 16 (*Events of Default*) or Condition 17 (*Enforcement Events*), all unmatured Coupons relating thereto (whether or not still attached) shall become void and no payment will be made in respect thereof.

12.7 *Payments on business days*: If the due date for payment of any amount in respect of any Note or Coupon is not a Payment Business Day, the Holder shall not be entitled to payment of the amount due until the next succeeding Payment Business Day and shall not be entitled to any further interest or other payment in respect of any such delay.

12.8 *Payments other than in respect of matured Coupons*: Payments of interest other than in respect of matured Coupons shall be made only against presentation of the relevant Notes at the Specified Office of any Paying Agent outside the United States (or in New York City if permitted by Condition 12.3 (*Payments in New York City*) above).

- 12.9 *Partial payments:* If a Paying Agent makes a partial payment in respect of any Note or Coupon presented to it for payment, such Paying Agent will endorse thereon a statement indicating the amount and date of such payment.
- 12.10 *Exchange of Talons:* On or after the maturity date of the final Coupon which is (or was at the time of issue) part of a Coupon Sheet relating to the Notes, the Talon forming part of such Coupon Sheet may be exchanged at the Specified Office of the Paying Agent for a further Coupon Sheet (including, if appropriate, a further Talon but excluding any Coupons in respect of which claims have already become void pursuant to Condition 18 (*Prescription*)). Upon the due date for redemption of any Note, any unexchanged Talon relating to such Note shall become void and no Coupon will be delivered in respect of such Talon.

13. Payments – Registered Notes

- 13.1 *Redemption Amount:* Payments of the Redemption Amount (together with accrued interest) due in respect of Registered Notes shall be made in the currency in which such amount is due against presentation, and save in the case of partial payment of the Redemption Amount, surrender of the relevant Registered Notes at the Specified Office of the Registrar. If the due date for payment of the Redemption Amount of any Registered Note is not a business day (as defined below), then the Holder will not be entitled to payment until the next business day, and from such day and thereafter will be entitled to payment by cheque (which may be posted to the address (as recorded in the register held by the Registrar) of the Holder thereof (or, in the case of joint Holders, the first-named)) on any Relevant Banking Day, or will be entitled to payment by transfer to a designated account on any day which is a Relevant Banking Day, business day and a day on which commercial banks and foreign exchange markets settle payments in the relevant currency in the place where the relevant designated account is located and no further payment on account of interest or otherwise shall be due in respect of such postponed payment unless there is subsequent failure to pay in accordance with these Conditions, in which event interest shall continue to accrue as provided in these Conditions.
- 13.2 *Principal and interest:* Payments of principal and interest shall be made by cheque drawn in the currency in which the payment is due to the Holder (or in the case of joint Holders, the first-named) appearing in the register kept by the Registrar as at the opening of business (as at the local time) on the fifteenth Relevant Banking Day before the due date for payment (the “**Record Date**”), and posted to the address (as recorded in the register held by the Registrar) of the Holder (or, in the case of joint Holders, the first-named) on the Relevant Banking Day unless prior to the relevant Record Date such Holder has applied to the Registrar and the Registrar has acknowledged such application, for payment to be made to a designated account denominated in the relevant currency in which case payment shall be made on the relevant due date for payment by transfer to such account. In the case of payment by transfer to a designated account, if the due date for any such payment is not a business day and a day on which commercial banks and foreign exchange markets settle payments in the relevant currency in the place where the relevant designated account is located, then the Holder will not be entitled to payment thereof until the first day thereafter which is a business day and a day on which commercial banks and foreign exchange markets settle payments in the relevant currency in the place where the relevant designated account is located and no further payment on account of interest or otherwise shall be due in respect of such postponed payment unless there is subsequent failure to pay in accordance with these Conditions, in which event interest shall continue to accrue as provided in these Conditions.
- 13.3 *Payments subject to fiscal laws:* All payments in respect of the Registered Notes are subject in all cases to any applicable fiscal or other laws and regulations in the place of payment, but without prejudice to the provisions of Condition 15 (*Taxation*). No commissions or expenses shall be charged to the Registered Holders in respect of such payments.
- 13.4 In this Condition, “**business day**” means:
- (i) in the case of payment by transfer to an account, a day on which commercial banks and foreign exchange markets settle payments generally in each Applicable Financial Centre; or

- (ii) in the case of surrender of a Registered Note, a day on which commercial banks and foreign exchange markets settle payments generally in the place in which the Registered Note is surrendered.

14. Payments – VP Systems Notes

- 14.1 *Principal and interest:* Payments of principal and interest in respect of VP Systems Notes shall be made to the Holders shown in the relevant records of the VP, VPS or the VPC, as the case may be, in accordance with and subject to the rules and regulations from time to time governing the VP, VPS or VPC, as the case may be, by transfer to an account denominated in the currency in which the payment is due (or, if that currency is euro, any other account to which euro may be credited or transferred) and maintained by the payee with a bank in the Applicable Financial Centre of that currency.
- 14.2 *Payments subject to fiscal laws:* All payments in respect of the VP Systems Notes are subject in all cases to any applicable fiscal or other laws and regulations in the place of payment, but without prejudice to the provisions of Condition 15 (*Taxation*). No commissions or expenses shall be charged to the Holders in respect of such payments.
- 14.3 *Payments on VP Systems Notes payment days:* If the due date for payment of any amount in respect of any VP System Note is not a VP Systems Notes payment day, the Holder shall not be entitled to payment of the amount due until the next succeeding VP Systems Notes payment day and shall not be entitled to any further interest or other payment in respect of any such delay.
- 14.4 In this Condition, “**VP Systems Notes payment day**” means a day on which commercial banks and foreign exchange markets settle payments generally in each Applicable Financial Centre.

15. Taxation

- 15.1 *Gross up:* All payments of principal and interest in respect of the Notes and the Coupons by or on behalf of the Issuer shall be made free and clear of, and without withholding or deduction for or on account of, any present or future taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by or on behalf of Denmark or any political subdivision therein or any authority or agency therein or thereof having power to tax, unless the withholding or deduction of such taxes, duties, assessments, or governmental charges is required by law. In that event, the Issuer shall pay such additional amounts as will result in receipt by the Holders after such withholding or deduction of such amounts as would have been received by them had no such withholding or deduction been required, except that no such additional amounts shall be payable in relation to any payment in respect of any Note or Coupon:
 - (i) to, or to a third party on behalf of, a Holder which is liable to such taxes, duties, assessments or governmental charges in respect of such Note or Coupon by reason of it having some connection with Denmark other than:
 - (a) the mere holding of the Note or Coupon; or
 - (b) the receipt of principal, interest or other amount in respect of such Note or Coupon; or
 - (ii) presented for payment more than thirty days after the Relevant Date, except to the extent that the relevant Holder would have been entitled to such additional amounts on presenting the same for payment on or before the expiry of such period of thirty days; or
 - (iii) where such withholding or deduction is imposed on a payment to an individual and is required to be made pursuant to European Council Directive 2003/48/EC or any other Directive implementing the conclusions of the ECOFIN Council meeting of 26-27 November 2000 or any law implementing or complying with, or introduced in order to conform to, such Directive; or

- (iv) presented for payment by or on behalf of a Holder who would have been able to avoid such withholding or deduction by presenting the relevant Note or Coupon to another Paying Agent or Registrar in a Member State of the EU.

15.2 *Taxing jurisdiction:* If the Issuer becomes subject at any time to any taxing jurisdiction other than Denmark, references in these Conditions to Denmark shall be construed as references to Denmark and/or such other jurisdiction.

16. Events of Default

16.1 *Events of Default – Unsubordinated Notes:* The following events or circumstances as modified by, and/or such other events as may be specified in, the relevant Final Terms (each an “**Event of Default**”) shall be acceleration events in relation to the Notes of any Series of Unsubordinated Notes, namely:

- (i) the Issuer fails to pay any amount of principal or interest in respect of the Notes of the relevant Series or any of them on the due date for payment thereof and such default continues for a period of five days on which banks are open for business in Copenhagen after written notice has been given by the Fiscal Agent or the Holder of any such Note to the Issuer; or
- (ii) the Issuer defaults in the performance or observance of any of its other obligations under or in respect of the Notes of the relevant Series and (except in any case where such default is incapable of remedy when no such continuation or notice, as is hereinafter mentioned, will be required) such default remains unremedied for thirty days after written notice requiring such default to be remedied has been received by the Issuer from the Fiscal Agent or the Holder of any such Note; or
- (iii) a distress, execution, seizure before judgment or other legal process is levied or enforced or sued out upon or against any part of the property, assets or revenues of the Issuer which is material in its effect upon the operation of the Issuer and is not discharged or stayed within sixty days of having been so levied, enforced or sued out; or
- (iv) (A) an application for the commencement of bankruptcy against the assets of the Issuer is filed and the application has been filed by or on behalf of the Issuer, or (B) a third party has filed an application for the commencement of bankruptcy against the assets of the Issuer and (the earlier of) either (1) the DFSA advises the competent court to open up bankruptcy proceedings, or (2) the competent court opens bankruptcy proceedings against the assets of the Issuer, or (C) under Section 233 of the Danish Financial Business Act, the DFSA permits liquidators of the Issuer appointed pursuant to Sections 227 or 228 of the Danish Financial Business Act to file a petition for bankruptcy under and pursuant to Section 17 of the Bankruptcy Act in relation to the Issuer, or (D) under Sections 233 or 234 of the Danish Financial Business Act, the DFSA files a petition for bankruptcy under and pursuant to Section 17 of the Bankruptcy Act in relation to the Issuer; or
- (v) under Section 238 of the Danish Financial Business Act, the DFSA files a petition for the suspension of payments of the Issuer.

16.2 *Acceleration:* If any Event of Default shall occur in relation to any Series of Notes, any Holder of a Note of the relevant Series may, by written notice to the Issuer (effective upon receipt), at the specified office of the Fiscal Agent, declare that such Note and (if the Note is interest-bearing) together with all interest (if any) accrued thereon shall be forthwith due and payable, whereupon the same shall become immediately due and payable at its Early Termination Amount, together with all interest (if any) accrued thereon without presentment, demand, protest or other notice of any kind, all of which the Issuer will expressly waive, anything contained in such Notes to the contrary notwithstanding, unless, prior thereto, all Events of Default in respect of the Notes of the relevant Series shall have been cured.

17. Enforcement Events

17.1 *Applicability:* This Condition 17 is applicable only in relation to Subordinated Notes and Hybrid Tier 1 Capital Notes.

17.2 *Enforcement Events:* The following events or circumstances as modified by, and/or such other events as may be specified, in the relevant Final Terms (“**Enforcement Events**”) shall be enforcement events in relation to the Notes of any Series of Subordinated Notes and Hybrid Tier 1 Capital Notes, namely:

- (i) subject to Condition 10 (*Reduction of Amounts of Principal and Unpaid Interest*), if the Issuer shall fail to meet its payment obligations under the Notes, other than in accordance with the provisions of Condition 9 (*Interest Deferral*) and such payment obligations are not met within seven business days after the Issuer has received notice thereof, any Holder of the Notes may, at its own discretion and without further notice, institute proceedings in Denmark in order to recover the amounts due from the Issuer to such Holder of the Notes, provided that a Holder of the Notes may not at any time file for bankruptcy of the Issuer. Any Holder of the Notes may, at its discretion and without further notice, institute such proceedings against the Issuer as it may think fit to enforce any obligation, condition or provision binding on the Issuer under the Notes, provided that the Issuer shall not by virtue of the institution of any proceedings be obliged to pay any sum or sums sooner than the same would otherwise have been payable by it; and
- (ii) if an order is made or an effective resolution is passed for the liquidation or bankruptcy of the Issuer, then the Notes shall become due and payable at their Early Termination Amount (or such other redemption amount as may be specified in, or determined in accordance with the provisions of, the relevant Final Terms) together with interest (if any) accrued to such date, any Arrears of Interest or Hybrid Capital Arrears of Interest, as the case may be, and all corresponding Additional Interest Amounts or Hybrid Capital Additional Interest Amounts, as the case may be, but excluding any interest which has been cancelled.

According to Section 234(2) of the Danish Financial Business Act, notwithstanding Section 17(2) of the Danish Bankruptcy Act, if the Issuer cannot meet its obligations regarding the Subordinated Notes or Hybrid Tier 1 Capital Notes, the Issuer is not considered insolvent. According to Section 17(2) of the Danish Bankruptcy Act, a debtor is insolvent, if it cannot meet its obligations as and when they fall due, unless the inability to meet such obligations may be considered to be temporary.

If proceedings with respect to the liquidation or bankruptcy of the Issuer should occur, the Holders of the Subordinated Notes or Hybrid Tier 1 Capital Notes would be required to pursue their claims on the Subordinated Notes or Hybrid Tier 1 Capital Notes in proceedings with respect to the Issuer in Denmark. In addition, to the extent that the Holders of the Subordinated Notes or Hybrid Tier 1 Capital Notes are entitled to any recovery with respect to the Subordinated Notes or Hybrid Tier 1 Capital Notes in any such Danish bankruptcy proceedings, such Holders of the Subordinated Notes or Hybrid Tier 1 Capital Notes would be entitled to a recovery in Danish Kroner or, as the case may be, other currencies, which would be based on the relevant conversion rate in effect on the date the Issuer entered into such liquidation or bankruptcy proceedings.

18. Prescription

Claims for principal shall become void unless the relevant Notes are presented for payment within ten years of the appropriate Relevant Date. Claims for interest shall become void unless the relevant Coupons are presented for payment within five years of the appropriate Relevant Date.

19. Replacement of Notes and Coupons

If any Note or Coupon is lost, stolen, mutilated, defaced or destroyed, it may be replaced at the Specified Offices of the Fiscal Agent or Registrar (and, if the Notes are then admitted to listing, trading and/or quotation by any listing authority, stock exchange and/or quotation system which

requires the appointment of a Paying Agent in any particular place, the Paying Agent or Registrar having its Specified Office in the place required by such listing authority, stock exchange and/or quotation system), subject to all applicable laws and listing authority, stock exchange and/or quotation system requirements, upon payment by the claimant of the expenses incurred in connection with such replacement and on such terms as to evidence, security, indemnity and otherwise as the Issuer may reasonably require. Mutilated or defaced Notes or Coupons must be surrendered before replacements will be issued.

20. Agents

- 20.1 *Obligations of Agents:* In acting under the Agency Agreement or the VP Systems Agency Agreement and in connection with the Notes and the Coupons, the Paying Agents, the Calculation Agent, the Registrars and the VP Systems Agent act solely as agents of the Issuer and do not assume any obligations towards or relationship of agency or trust for or with any of the Holders or Couponholders, and each of them shall only be responsible for the performance of the duties and obligations expressly imposed upon it in the Agency Agreement, the VP Systems Agency Agreement or other agreement entered into with respect of its appointment or incidental thereto.
- 20.2 *Termination of Appointments:* The initial Paying Agents, the Registrars and the VP Systems Agent and their initial Specified Offices are listed in the Agency Agreement or the VP Systems Agency Agreement, as applicable. The Calculation Agent in respect of any Notes shall be specified in the relevant Final Terms. The Issuer reserves the right at any time to vary or terminate the appointment of any Paying Agent (including the Fiscal Agent) or the Registrar or the VP Systems Agent or the Calculation Agent and to appoint an additional or successor fiscal agent, paying agent, calculation agent, registrar or agent in connection with the VP Systems Notes; provided, however, that:
- (i) the Issuer shall at all times maintain a Fiscal Agent;
 - (ii) the Issuer shall at all times maintain, in the case of Registered Notes, a Registrar;
 - (iii) the Issuer shall at all times maintain a Paying Agent (which may be the Fiscal Agent) with a Specified Office in a continental European city;
 - (iv) if a Calculation Agent is specified in the relevant Final Terms, the Issuer shall at all times maintain a Calculation Agent with a Specified Office located in such place as may be required by the Conditions;
 - (v) if and for so long as the Notes are admitted to listing on the Official List and to trading and/or quotation on the regulated market of the Luxembourg Stock Exchange and/or any listing authority, stock exchange and/or quotation system which requires the appointment of a Paying Agent in any particular place, the Issuer shall maintain a Paying Agent (which may be the Fiscal Agent) and a Registrar (for Registered Notes) each with a Specified Office in Luxembourg and/or in the place required by such listing authority, stock exchange and/or quotation system;
 - (vi) in the case of VP Systems Notes, the Issuer shall at all times maintain a VP Systems Agent authorised to act as an account holding institution with the VP, VPS or VPC, as the case may be, and one or more Calculation Agent(s) where the Terms and Conditions of the relevant VP Systems Notes so require; and
 - (vii) in the circumstances described in Condition 12.3 (*Payments in New York City*), a Paying Agent with a Specified Office in New York City.
- 20.3 *Change of Specified Offices:* The Paying Agents, the Registrars, the VP Systems Agent and the Calculation Agent reserve the right at any time to change their respective Specified Offices to some other Specified Office in the same city. Notice of any change in the identities or Specified Offices of any Paying Agent, Registrar, the VP Systems Agent or the Calculation Agent shall promptly be given to the Holders in accordance with Condition 23 (*Notices*).

21. Meetings of Holders; Modification and Waiver

- 21.1 *Meetings of Holders:* The Agency Agreement contains provisions (which shall have effect as if incorporated herein) for convening meetings of Holders of Notes of any Series to consider matters relating to such Series of Notes, including (without limitation) the modification by Extraordinary Resolution (as defined in the Agency Agreement) of any provision of these Conditions and the Deed of Covenant insofar as the same may apply to such Notes. Any Extraordinary Resolution duly passed at any such meeting of Holders of Note of any Series will be binding on all Holders of Notes of such Series, whether present or not at the meeting and on all Holders of Coupons relating to Notes of such Series.

In addition, a resolution in writing signed by or on behalf of all Holders who for the time being are entitled to receive notice of a meeting of Holders of Notes will take effect as if it were an Extraordinary Resolution. Such a resolution in writing may be contained in one document or several documents in the same form, each signed by or on behalf of one or more Holders of Notes.

- 21.2 *Modification:* The Issuer may, with the consent of the Fiscal Agent, amend the Notes, these Conditions and the Deed of Covenant without the consent of the Holders of Notes of any Series or Couponholders to correct a manifest error with respect to the Notes of the relevant Series. Subject as aforesaid, no other modification may be made to these Conditions or the Deed of Covenant except with the sanction of an Extraordinary Resolution.
- 21.3 *Meeting of VP Systems Noteholders:* Meetings of VP Systems Noteholders shall be held in accordance with the Agency Agreement and in compliance with the relevant regulations of the VP, VPS or VPC, as the case may be. For the purposes of a meeting of Noteholders, the person named in the certificate from the VP, VPS or VPC, as the case may be, or the VP Systems Agent shall be treated as the Holder of the VP Systems Notes specified in such certificate provided that he has given an undertaking not to transfer the VP Systems Notes so specified (prior to the close of the meeting) and the Fiscal Agent shall be entitled to assume that any such undertaking is validly given, shall not enquire as to its validity and enforceability, shall not be obliged to enforce any such undertaking and shall be entitled to rely on the same.

22. Further Issues

The Issuer may from time to time, without the consent of the Holders or the Couponholders, create and issue further Notes having the same Terms and Conditions as the Notes in all respects (or in all respects except for the first payment of interest, if any, on them, the issue price and/or the denomination(s) thereof) so as to form a single series with the Notes.

23. Notices

- 23.1 *Bearer Notes:* Notices to Holders of Bearer Notes will, save where another means of effective communication has been specified herein or in the relevant Final Terms, be deemed to be validly given if, in the case of any Notes which are listed on the Official List and admitted to trading on the regulated market of the Luxembourg Stock Exchange (so long as such Notes are listed on the Official List of the Luxembourg Stock Exchange and the rules of that exchange so permit), on the website of the Luxembourg Stock Exchange (www.bourse.lu) or, if such publication is not practicable, if published in a leading English language daily newspaper having general circulation in Europe, or, in the case of a Temporary Global Note or Permanent Global Note, if delivered to Euroclear and Clearstream, Luxembourg for communication by them to the persons shown in their respective records as having interests therein provided that, in the case of Notes admitted to listing, trading and/or quotation on any listing authority, stock exchange or quotation system, the rules of such listing authority, stock exchange or quotation system permit.

Any notice so given will be deemed to have been validly given on the date of first such publication (or, if required to be published in more than one newspaper, on the first date on which publication shall have been made in all the required newspapers) or, as the case may be, on the date of such

delivery to Euroclear and Clearstream, Luxembourg. Couponholders will be deemed for all purposes to have notice of the contents of any notice given to Holders of Bearer Notes in accordance with this Condition.

23.2 *Registered Notes*: Notices to Holders of Registered Notes will be deemed to be validly given if sent by first class mail (or equivalent) or (if posted to an overseas address) by air mail to them (or, in the case of joint Holders, to the first-named in the register kept by the Registrar) at their respective addresses as recorded in the register kept by the Registrar, and will be deemed to have been validly given on the fourth weekday after the date of such mailing or, if posted from another country, on the fifth such day. In the case of any Notes which are listed on the Official List and admitted to trading on the regulated market of the Luxembourg Stock Exchange, and the rules of that exchange so require, such notices will also be published on the website of the Luxembourg Stock Exchange (www.bourse.lu).

23.3 *VP Systems Notes*: Notices to Holders of VP Systems Notes shall be given in accordance with the procedures of the VP, VPS or VPC, as the case may be.

24. **Currency Indemnity**

The currency in which the Notes are denominated or, if different, payable, as specified in the relevant Final Terms (the “**Contractual Currency**”), is the sole currency of account and payment for all sums payable by the Issuer in respect of the Notes, including damages. Any amount received or recovered in a currency other than the Contractual Currency (whether as a result of, or of the enforcement of, a judgment or order of a court of any jurisdiction or otherwise) by any Holder in respect of any sum expressed to be due to it from the Issuer shall only constitute a discharge to the Issuer to the extent of the amount of the Contractual Currency which such Holder is able to purchase with the amount so received or recovered in that other currency on the date of that receipt or recovery (or, if it is not practicable to make that purchase on that date, on the first date on which it is practicable to do so). If that amount is less than the amount of the Contractual Currency expressed to be due to any Holder in respect of such Note or Coupon the Issuer shall indemnify such Holder against any loss sustained by such Holder as a result. In any event, the Issuer shall indemnify each such Holder against any cost of making such purchase which is reasonably incurred. These indemnities constitute a separate and independent obligation from the Issuer’s other obligations, shall give rise to a separate and independent cause of action, shall apply irrespective of any indulgence granted by any Holder and shall continue in full force and effect despite any judgment, order, claim or proof for a liquidated amount in respect of any sum due in respect of the Notes or any judgment or order. Any such loss as aforesaid shall be deemed to constitute a loss suffered by the relevant Holder and no proof or evidence of any actual loss will be required by the Issuer.

25. **Rounding**

For the purposes of any calculations referred to in these Conditions (unless otherwise specified in these Conditions or the relevant Final Terms):

- (i) all percentages resulting from such calculations will be rounded, if necessary, to the nearest one hundred-thousandth of a percentage point (with 0.000005 per cent. being rounded up to 0.00001 per cent.);
- (ii) all United States dollar amounts used in or resulting from such calculations will be rounded to the nearest cent (with one half cent being rounded up);
- (iii) all Japanese Yen amounts used in or resulting from such calculations will be rounded downwards to the next lower whole Japanese Yen amount; and
- (iv) all amounts denominated in any other currency used in or resulting from such calculations will be rounded to the nearest two decimal places in such currency, with 0.005 being rounded upwards.

26. Waiver and Remedies

No failure to exercise, and no delay in exercising, on the part of the Holder of any Note, any right in these Conditions shall operate as a waiver thereof nor shall any single or partial exercise thereof preclude any other or future exercise thereof or the exercise of any other right. Rights hereunder shall be in addition to all other rights provided by law. No notice or demand given in any case shall constitute a waiver of rights to take other action in the same, similar or other instances without such notice or demand.

27. Governing Law and Jurisdiction

- 27.1 *Governing Law*: The Notes, the Agency Agreement and the Deed of Covenant are governed by, and shall be construed in accordance with, English law, except for Condition 5.2 (*Status – Subordinated Notes*), Condition 5.3 (*Status – Hybrid Tier 1 Capital Notes*), Condition 9 (*Interest Deferral*), Condition 10 (*Reduction of Amounts of Principal and Unpaid Interest*), Condition 11.2 (*Early Redemption following a Tax Event or a Capital Event*), Condition 17 (*Enforcement Events*) and the registration of Notes in the VP, which shall be governed by, and shall be construed in accordance with, Danish law. In the case of the registration of Notes in the VPS or the VPC, such registration shall be governed by, and shall be construed in accordance with, Norwegian law and Swedish law, respectively.
- 27.2 *English courts*: The courts of England have jurisdiction to settle any dispute (a “**Dispute**”) arising from or connected with the Notes.
- 27.3 *Appropriate forum*: The Issuer agrees that the courts of England are the most appropriate and convenient courts to settle any Dispute and, accordingly, that it will not argue to the contrary.
- 27.4 *Rights of the Holders to take proceedings outside England*: Condition 27.2 (*English courts*) is for the benefit of the Holders only. As a result, nothing in this Condition 27 prevents any Holder from taking proceedings relating to a Dispute (“**Proceedings**”) in any other courts with jurisdiction. To the extent allowed by law, any Holder may take concurrent Proceedings in any number of jurisdictions.
- 27.5 *Service of process*: The Issuer agrees that the documents which start any Proceedings and any other documents required to be served in relation to those Proceedings may be served on it by being delivered to the Issuer at 75 King William Street, London EC4N 7DT or at any address of the Issuer in Great Britain at which service of process may be served on it in accordance with Part XXIII of the Companies Act 1985. Nothing in this paragraph shall affect the right of any Holder to serve process in any other manner permitted by law. This Condition applies to Proceedings in England and to Proceedings elsewhere.

28. Rights of Third Parties

No person shall have any right to enforce any term or Condition in respect of a Note under the Contracts (Rights of Third Parties) Act 1999.

DESCRIPTION OF THE DANSKE BANK GROUP

The general corporate structure of the Danske Bank Group (the “**Danske Bank Group**” or the “**Group**”) is as shown below:

The Danske Bank Group

Danske Bank A/S (“**Danske Bank**” or the “**Bank**”) was founded in 1871 and has, through the years, merged with a number of financial institutions. Danske Bank is a commercial bank with limited liability and carries on business under the Danish Financial Business Act. As shown in the diagram above, Danske Bank is the parent company of the Danske Bank Group, which includes Realkredit Danmark (Mortgage Finance), Forsikringsselskabet Danica (Life and Pensions) and other subsidiaries.

The Danske Bank Group provides a wide range of banking, mortgage and insurance products as well as other financial services, and is the largest financial service provider in Denmark - and one of the largest in the Nordic region - measured by total assets.

In recent years, Danske Bank has strengthened its position in the Nordic region by acquisitions. In 1997, it acquired Östgöta Enskilda Bank of Sweden, in 1999, Fokus Bank of Norway and, in 2000, RealDanmark and its subsidiaries BG Bank and Realkredit Danmark. Furthermore in February 2005, Danske Bank’s purchase of Northern Bank and National Irish Bank was approved, and in November 2006, the purchase of Sampo Bank in Finland, including Sampo Bank’s activities in the three Baltic countries and a subsidiary in St. Petersburg, Russia was announced. As the Sampo purchase was approved of at the end of January 2007, Sampo Bank was first consolidated in the accounts of Danske Bank from 1 February 2007. Accordingly the comparative figures for 2006 are pro-forma figures and include the Sampo Bank group as of February 2006 unless otherwise stated.

Effective on 1 June 1998, all branches of Östgöta Enskilda Bank were converted into branches of Danske Bank and effective on 1 April 2007, Fokus Bank and National Irish Bank were converted into branches of Danske Bank. Sampo Bank was migrated successfully onto Danske Bank’s IT platform during Easter 2008. At some point in the future, Sampo Bank’s legal status will change from that of a subsidiary to a branch of Danske Bank A/S.

Danske Bank is represented through branches in London, Warsaw, Hamburg, and, in the Nordic countries. With the purchase of Northern Bank and National Irish Bank, in Northern Ireland and the Republic of Ireland, respectively, Danske Bank has significantly strengthened its activities outside the Nordic region.

A subsidiary of Danske Bank provides private banking services in Luxembourg.

The Group currently serves more than 5.0 million retail customers and a significant number of corporate and institutional customers. Approximately 2.5 million customers use the Group’s online services.

The total assets of the consolidated Group were DKK 3,350 billion (EUR 449.3 billion) at the end of 2007, compared to DKK 2,938 billion (EUR 394 billion) at the end of 2006.

At the end of 2007, total bank loans and advances extended by the Bank amounted to DKK 1,360 billion (EUR 182.4 billion), reflecting a DKK 149 billion (EUR 20 billion), or 12 per cent. increase since the end of 2006. Excluding repo transactions, loans and advances increased by DKK 181 billion (EUR 24.3 billion) or 12 per cent. Lending extended by the Group’s banking activities in Denmark increased by DKK

43 billion (EUR 5.8 billion), or 14 per cent., while lending in the Group's non-Danish banking activities grew by DKK 104 billion (EUR 13.9 billion) or 19 per cent.

Repo loans decreased by DKK 7.4 billion (EUR 1 billion) from the level at the end of 2006 to DKK 287 billion (EUR 38.5 billion), primarily as a result of decreased activity in the international repo market.

Mortgage lending rose DKK 25.2 billion (EUR 3.4 billion), or 4 per cent. on the level recorded at the end of 2006, to DKK 628 billion (EUR 84.2 billion).

Trading portfolio assets grew by DKK 148 billion (EUR 19.8 billion) or 29 per cent., to DKK 652 billion (EUR 87.4 billion). The increase was due to an increased holding of bonds.

The Group's overall risk on a change in interest rates of one percentage point amounted to DKK 2,417 million (EUR 324.1 million) at the end of 2007, against DKK 946 million (EUR 126.9 million) at the end of 2006 (not pro-forma figures).

Deposits, excluding repo transactions, totalled DKK 798 billion (EUR 107 billion), against DKK 693 billion (EUR 92.9 billion) at the end of 2006. This equalled an increase of DKK 105 billion (EUR 14.1 billion), or 15 per cent.

The registered office of Danske Bank is at Holmens Kanal 2-12, 1092 Copenhagen K, Denmark; the telephone number is +45 33 44 00 00. Danske Bank is registered with the Danish Commerce and Companies Agency with CVR No. 61 12 62 28.

Funding structure

The Danske Bank Group has two channels through which it grants mortgage loans: (i) Realkredit Danmark; and (ii) the Bank itself.

The mortgage loans on the Realkredit Danmark platform are match-funded through the issuance of mortgage bonds according to the Danish Mortgage-Credit Loans and Mortgage-Credit Bonds, etc. Act. and executive orders issued by the Danish FSA.

The regulatory regime was amended July 2007 to meet two objectives: (1) bonds issued should qualify for preferential treatment under CRD; and (2) universal banks should gain access to bond issuance alongside specialised mortgage credit institutions.

To meet these objectives new bond standards were introduced to co-exist with the existing mortgage bond standards. Realkredit Danmark switched to the mortgage covered bond standard in the course of the second half of 2007 for bondholders to benefit from the preferential treatment. In doing so Realkredit Danmark accepted the obligation to monitor the value of pledged property concurrently and to provide additional collateral in case of breaches of LTV limits.

Realkredit Danmark A/S currently issues mortgage covered bonds only through the Capital Centres of Realkredit Danmark A/S. Bonds issued out of the Capital Centres are rated Aaa by Moody's and AAA by Standard & Poor's, the highest possible ratings, which also apply to Danish government bonds. Bonds issued by Danske Kredit A/S, which was the mortgage credit arm of Danske Bank before the 2001 merger with RealDanmark A/S, also carry an Aaa rating from Moody's.

The mortgage loans on the banking platform are on the Bank's balance sheet and are currently included in the general funding needs for the Bank. The Bank's funding sources include, inter alia, deposits from customers, funding through issuance of bonds using the Bank's EMTN programme, funding through issuance of covered bonds using the Bank's covered bond programme and issuance of commercial paper.

It is expected that in the future the Bank will use the net proceeds from covered bonds backed by mortgages on the banking platform to finance a significant part of the Bank's general mortgage lending activities.

The Business Areas of the Danske Bank Group

The Danske Bank Group business organisation consists of Banking Activities, Mortgage Finance, Danske Markets, Danske Capital, Danica Pension and other areas.

Banking Activities

Banking Activities contains the entire Group's banking business with retail customers as well as corporate and institutional customers. In each of the countries outside of Denmark where the Group operates, all brands are operated in country divisions.

In Denmark, the Group has previously operated under a number of brand names, the most important of which were Danske Bank and BG Bank. As of April 2007, Danske Bank combined the activities of Danske Bank Denmark and BG Bank into a single banking division with the name of Danske Bank.

Banking Activities Denmark encompasses the banking activities in Denmark. Danske Bank caters to all types of retail and corporate customers. The Bank's finance centres serve large corporate and private banking customers. Corporate and private banking customers with highly complex banking needs are served by the Bank's department for large corporates and its Merchant Bank Private department. Banking Activities Denmark breaks down into nine regions with 399 branches and nine finance centres and around 6,000 employees.

Banking Activities Finland encompasses the banking activities of Sampo Bank in Finland and Danske Bank's Helsinki branch. Sampo Bank, which is the third-largest bank in Finland, caters to retail customers, small and medium-sized businesses and institutional clients. Sampo Bank has 121 branches in Finland and around 2,100 employees. Sampo Bank plc issues covered bonds under Finnish covered bonds legislation.

Banking Activities Sweden encompasses the banking activities of Östgöta Enskilda Bank and Provinsbankerne in Sweden, which serve all types of retail and corporate customers. Banking Activities Sweden has four regions with 59 branches, four finance centres and around 910 employees. Real-estate agency business is carried out primarily through the 75 offices of Skandia Mäklarna.

Banking Activities Norway has five regions with 55 branches, five finance centres and around 1,100 employees. Other Banking Activities comprises the activities of Nordania and the banking activities carried out in Germany and Poland.

Realkredit Danmark (Mortgage Finance)

Mortgage Finance encompasses the Danske Bank Group's mortgage finance activities and real-estate agency business in Denmark. The division markets its financing solutions through Realkredit Danmark A/S, Danske Bank and home a/s. Real-estate agency business is carried out through "home", which has 190 offices throughout the country.

As of October 2007, Realkredit Danmark's distribution of mortgages to retail customers has been further integrated in to the Bank's Danish retail banking activities. In the future, Banking Activities Denmark and Mortgage Finance will be presented as one consolidated unit in Danske Bank's annual and interim reports.

Danske Markets

Danske Markets is responsible for the Group's activities in the financial markets. Trading activities include trading in fixed-income products, foreign exchange, equities and interest-bearing securities, providing the largest corporate and institutional clients with financial products and advisory services on mergers and acquisitions, and assisting customers in connection with their issues of equity and debt on the international financial markets. Proprietary trading encompasses the Bank's short-term investments. The investment portfolio covers the Bank's strategic fixed-income, foreign exchange, and equity portfolios. Institutional banking includes facilities with financial institutions outside the Nordic region. Institutional facilities with Nordic financial institutions form part of the Group's Banking Activities. Danske Markets is also responsible for the Bank's own funding activities.

Danske Capital

Danske Capital develops and sells advisory services and asset management products and services, which are offered through the Group's banking operations and directly to businesses, institutional clients and external distributors. Through Danske Bank International in Luxembourg, Danske Capital provides advisory services and asset management services to clients outside the Group's home markets. Danske Capital manages the funds of retail customers and institutional investors and the funds of Danica Pension, Danske Fund, Puljeinvest (pooled investment) and Flexinvest. The division also provides advisory services to Danske Invest. Danske Capital has more than 560 employees at offices in Denmark, Sweden, Norway, Finland, the Baltic countries and Luxembourg.

Danica Pension

Danica encompasses all of the Danske Bank Group's activities in the life insurance and pensions market. Marketed under the name of Danica Pension, the unit targets both retail and corporate customers. Products are marketed through a range of distribution channels within the Group, primarily Banking Activities' outlets and Danica Pension's insurance brokers and advisers.

Resource Areas

The Internet and other electronic communications (e-finance) form an integral part of the Group's business model and therefore fit into the Group's general strategy. The responsibility for the continuous development of electronic distribution channels and products rests solely with the business areas, which also bear the associated costs. To ensure stability and the future development of its increasingly complex IT systems, Danske Bank outsourced its decentralised IT operations to IBM in 2004. At the same time, Danske Bank sold its share of DMdata, the company in charge of the Group's centralised IT operations, to IBM. The Group will continue to carry out system and product development itself.

The Group's general staff functions mainly consist of Group Credits, Group Finance, Human Resource Development, Communication and Shared Service Centre.

Group Credits is responsible for the Group's credit policy and management of counterparty risk. Group Credits is also responsible for the development of risk classification models and industry and accounting analyses.

Group Finance is generally responsible for both internal and external financial reporting in the Group and Risk Management. This involves collecting, processing and reporting accounting information, risk modelling, risk analysis and co-ordinating relevant data for all risk types. In addition, Group Finance is responsible for capital management, investor relations, rating agencies, mergers and acquisitions and tax.

Capital and Solvency

The Bank's shareholders' equity was DKK 104 billion (EUR 13.9 billion) at the end of 2007. The developments in the Bank's equity, other than retained profits for the year, reflect primarily the dividend payment in March 2007.

At year-end 2007, Danske Bank's authorised and issued share capital totalled DKK 6,988,042,760 (EUR 937.2 million) based on 698,804,276 shares of DKK 10 (EUR 1.3) each. Danske Bank's shares are listed on the Copenhagen Stock Exchange.

The Board of Directors proposed, which proposal was approved at the annual general meeting held on 4 March 2008, a dividend of DKK 8.50 (EUR 1.14) per share for 2007, or 40 per cent. of the net profit for the year corresponding to a total dividend payment of DKK 5.9 billion (EUR 791.2 million) in March 2008.

At year-end 2007, Danske Bank had 306,603 shareholders. According to the Danish Securities Trading Act, shareholders must notify a company if their shareholding exceeds 5, 10, 15, 20, 25, 33⅓, 50, 66⅔ or 90 per cent. of the company's share capital or falls below previous levels. Two shareholder groups had notified Danske Bank that they each held more than 5 per cent. of its share capital.

- A.P. Møller and Chastine Mc-Kinney Møller Foundation and companies of the A.P. Møller - Mærsk Group, Copenhagen, hold 22.27 per cent. of the share capital; and
- Realdania, Copenhagen, holds 11.81 per cent. of the share capital.

The Bank estimates that approximately 33 per cent. of its share capital is held by investors outside of Denmark. Most foreign investors are based in the U.S. and the U.K. The Danske Bank Group is not aware of any arrangements which could result in a change of control of the Danske Bank Group.

The solvency ratio at year-end 2007 was 9.3 per cent., of which 6.4 percentage points derived from the Group's core (tier 1) capital. The core (tier 1) capital ratio, excluding hybrid core capital, amounted to 5.6 per cent. at year-end 2007. At year-end 2006, the solvency and core (tier 1) capital ratios were 11.4 per cent. and 8.6 per cent., respectively. Solvency for 2006 was calculated in accordance with the rules of the Danish FSA in force at that time. Most of the decline reflects deductions for intangible assets on the acquisition of Sampo Bank. The capital ratios are calculated inclusive of profit for the period.

The increase in risk-weighted items from DKK 1,119 billion (EUR 150.1 billion) at the beginning of the year to DKK 1,313 billion (EUR 176.1 billion) at the end of 2007 was attributable primarily to the consolidation of Sampo Bank into Danske Bank. The hedging of the credit risk associated with a portfolio of mortgage loans by credit default swaps reduced risk-weighted items by DKK 137 billion (EUR 18.4 billion).

From January 2008, capital and solvency will be stated according to Basel II (CRD) in Danske Bank's annual and interim reports. This will influence the level of the risk weighted assets and the relevant capital ratios.

Subordinated debt increased by DKK 7 million (EUR 0.9 million) to DKK 34.7 billion (EUR 4.7 billion) at the end of 2007. Hybrid core capital amounted to DKK 16.4 billion (EUR 2.2 billion) at the end of 2007 compared to DKK 11.4 billion (EUR 1.5 billion) for 2006. Of the total hybrid core capital, DKK 13 billion (EUR 1.7 billion) and DKK 11.4 billion (EUR 1.5 billion) is included in the core (Tier 1) capital for 2007 and 2006, respectively. During the first quarter of 2008, additional subordinated loan capital was raised for amounts of EUR 500 million and DKK 500 million (EUR 67.1 million).

Litigation

Owing to its business volume, the Danske Bank Group is continually a party to various lawsuits. In view of its size, the Group does not expect the outcomes of the cases pending to have any material effect on its financial position.

The DKK amounts in this section "Description of the Danske Bank Group" for the first quarter of 2008 were converted at the following rate effective at 31 March 2008: EUR: 7.4568. Unless otherwise stated, the remaining DKK amounts in this section were converted at the following rates effective at year-end: EUR: 7.4566 (2007); and 7.456 (2006).

SUBSCRIPTION AND SALE

Notes may be sold from time to time by the Issuer to any one or more of Barclays Bank PLC, Citigroup Global Markets Limited, Credit Suisse Securities (Europe) Limited, Danske Bank A/S, Deutsche Bank AG, London Branch, Goldman Sachs International, J.P. Morgan Securities Ltd., Merrill Lynch International, Morgan Stanley & Co. International plc and UBS Limited (the “Dealers”). Notes may also be sold by the Issuer directly to institutions who are not Dealers. The arrangements under which Notes may from time to time be agreed to be sold by the Issuer to, and purchased by, Dealers are set out in an amended and restated dealership agreement dated 16 April 2008 (the “**Dealership Agreement**” which expression shall include any amendments or supplements thereto or any amendment and restatement thereof) and made between the Issuer and the Dealers. Any such agreement will, inter alia, make provision for the form and terms and conditions of the relevant Notes, the price at which such Notes will be purchased by the Dealers and the commissions or other agreed deductibles (if any) payable or allowable by the Issuer in respect of such purchase. The Dealership Agreement makes provision for the resignation or termination of the appointment of existing Dealers and for the appointment of additional or other Dealers either generally in respect of the Programme or in relation to a particular Tranche of Notes.

United States of America: *Regulation S Category 2; TEFRA D, unless TEFRA C is specified as applicable in the relevant Final Terms; Rule 144A eligible if so specified in the relevant Final Terms.*

Notes have not been and will not be registered under the Securities Act and may not be offered or sold within the United States or to, or for the account or benefit of, U.S. persons except that Notes in registered form may be offered or sold to qualified institutional buyers (as defined in Rule 144A under the Securities Act) in reliance on the exemption from registration requirements of the Securities Act provided by Rule 144A. Terms used in the preceding sentence have the meanings given to them by Regulation S under the Securities Act.

Notes in bearer form are subject to U.S. tax law requirements and may not be offered, sold or delivered within the United States or its possessions or to U.S. persons, except in certain transactions permitted by U.S. tax regulations. Terms used in the preceding sentence have the meanings given to them by the United States Internal Revenue Code and regulations thereunder.

Each Dealer has agreed, and each further Dealer appointed under the Programme will be required to agree, that, except as permitted by the Dealership Agreement, it will not offer, sell or deliver Notes, (i) as part of their distribution at any time or (ii) otherwise until 40 days after the completion of the distribution of the Notes comprising the relevant Tranche, as certified to the Fiscal Agent or the Issuer by such Dealer (or, in the case of a sale of a Tranche of Notes to or through more than one Dealer, by each of such Dealers as to the Notes of such Tranche purchased by or through it, in which case the Fiscal Agent or the Issuer shall notify each such Dealer when all such Dealers have so certified) within the United States or to, or for the account or benefit of, U.S. persons (other than Notes sold pursuant to Rule 144A), and it will have sent to each distributor, dealer or person to which it sells Notes during the distribution compliance period a confirmation or other notice setting forth the restrictions on offers and sales of the Notes within the United States or to, or for the account or benefit of, U.S. persons. Terms used in this paragraph have the respective meanings given to them by Regulation S under the Securities Act.

In addition, until forty days after the commencement of the offering of Notes comprising any Tranche, any offer or sale of Notes within the United States by any dealer (whether or not participating in the offering) may violate the registration requirements of the Securities Act if such offer or sale is made otherwise than in accordance with Rule 144A under the Securities Act (if available).

Each purchaser of Notes in registered form in the United States will, by its purchase of such Notes, be deemed to have represented and agreed as follows:

- (i) it is (a) a qualified institutional buyer as defined in Rule 144A under the Securities Act, (b) aware that the sale to it is being made in reliance on Rule 144A and (c) acquiring such Notes for its own account or for the account of a qualified institutional buyer;

- (ii) it understands if it decides to offer, sell or otherwise transfer such Notes, it may do so only (a) outside the United States in a transaction exempt from the registration requirements of the Securities Act pursuant to Rule 904 of Regulation S under the Securities Act, (b) in accordance with Rule 144A under the Securities Act to a person whom the seller and any person acting on behalf of the seller reasonably believe is a qualified institutional buyer that is purchasing for its own account or for the account of a qualified institutional buyer and to whom notice is given that the offer, sale or transfer is being made in reliance on Rule 144A under the Securities Act or (c) if available, pursuant to the exemption from registration under the Securities Act provided by Rule 144 thereunder; and
- (iii) it understands that any Note in registered form purchased in the United States will bear a legend setting forth the representations and agreements in (ii) above.

Each Tranche of Notes will also be subject to such further United States selling restrictions as the Issuer and the Relevant Dealer(s) may agree and as indicated in the relevant Final Terms.

European Economic Area

In relation to each Member State of the European Economic Area which has implemented the Prospectus Directive (each, a “**Relevant Member State**”), each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that with effect from and including the date on which the Prospectus Directive is implemented in that Relevant Member State (the “**Relevant Implementation Date**”) it has not made and will not make an offer of Notes which are the subject of the offering contemplated by this Base Prospectus as completed by the final terms in relation thereto to the public in that Relevant Member State except that it may, with effect from and including the Relevant Implementation Date, make an offer of such Notes to the public in that Relevant Member State:

- (i) if the final terms in relation to the Notes specify that an offer of those Notes may be made other than pursuant to Article 3(2) of the Prospectus Directive in that Relevant Member State (a “**Non-exempt Offer**”), following the date of publication of a prospectus in relation to such Notes which has been approved by the competent authority in that Relevant Member State or, where appropriate, approved in another Relevant Member State and notified to the competent authority in that Relevant Member State, provided that any such prospectus has subsequently been completed by the final terms contemplating such Non-exempt Offer, in accordance with the Prospectus Directive, in the period beginning and ending on the dates specified in such prospectus or final terms, as applicable;
- (ii) at any time to legal entities which are authorised or regulated to operate in the financial markets or, if not so authorised or regulated, whose corporate purpose is solely to invest in securities;
- (iii) at any time to any legal entity which has two or more of (a) an average of at least 250 employees during the last financial year; (b) a total balance sheet of more than EUR 43,000,000 and (c) an annual net turnover of more than EUR 50,000,000, as shown in its last annual or consolidated accounts;
- (iv) at any time to fewer than 100 natural or legal persons (other than qualified investors as defined in the Prospectus Directive) subject to obtaining the prior consent of the Relevant Dealer or Dealers nominated by the Issuer for any such offer; or
- (v) at any time in any other circumstances falling within Article 3(2) of the Prospectus Directive,

provided that no such offer of Notes referred to in (ii) to (v) above shall require the Issuer or any Dealer to publish a prospectus pursuant to Article 3 of the Prospectus Directive or supplement a prospectus pursuant to Article 16 of the Prospectus Directive.

For the purposes of this provision, the expression an “offer of Notes to the public” in relation to any Notes in any Relevant Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the Notes to be offered so as to enable an investor to decide to

purchase or subscribe the Notes, as the same may be varied in that Member State by any measure implementing the Prospectus Directive in that Member State and the expression **Prospectus Directive** means Directive 2003/71/EC and includes any relevant implementing measure in each Relevant Member State.

United Kingdom

Each Dealer has further represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that:

- (a) **Financial promotion:** it has only communicated or caused to be communicated, and will only communicate or cause to be communicated, any invitation or inducement to engage in investment activity (within the meaning of section 21 of the Financial Services and Markets Act 2000) received by it in connection with the issue or sale of any Notes in circumstances in which section 21(1) of the Financial Services and Markets Act 2000 would not, if the Issuer was not an authorised person, apply to the Issuer; and
- (b) **General compliance:** it has complied and will comply with all applicable provisions of the Financial Services and Markets Act 2000 with respect to anything done by it in relation to any Notes in, from or otherwise involving the United Kingdom.

Japan

The Notes have not been and will not be registered under the Financial Instruments and Exchange Law of Japan (Law No. 25 of 1948, as amended; the “**FIEL**”). Accordingly, each Dealer has represented, warranted and agreed, and each further Dealer appointed under the Programme will be required to represent, warrant and agree, that it has not, directly or indirectly, offered or sold and will not, directly or indirectly, offer or sell any Notes in Japan or to, or for the benefit of, any Japanese Person or to others for re-offering or resale, directly or indirectly, in Japan or to, or for the benefit of, any Japanese Person except under circumstances which will result in compliance with the FIEL and any other applicable laws, regulations and guidelines of Japan promulgated by the relevant Japanese governmental and regulatory authorities and in effect at the relevant time. For the purposes of this paragraph, “**Japanese Person**” shall mean any person resident in Japan, including any corporation or other entity organised under the laws of Japan.

Denmark

Each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it has not offered or sold and will not offer, sell or deliver any Notes directly or indirectly in Denmark by way of a public offering, unless in compliance with the Danish Consolidated Act No. 1077 of 4 September 2007 on Trading in Securities, as amended, and any Executive Orders issued thereunder.

Each Dealer has further represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it has not advertised and will not advertise any issue of Subordinated Notes to private investors in Denmark unless in compliance with the rules laid down by the Danish Financial Supervisory Authority in Executive order No. 1222 of 19 October 2007 on Good Business Practice for Financial Undertakings, as amended.

The Netherlands

Each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it will not, in accordance with article 3 of the Dutch Savings Certificates Act (“*Wet inzake spaarbewijzen*”) of 21 May 1985 (as amended), transfer or accept Zero Coupon Notes in definitive form or other Notes in definitive form which fall within the definition of “*spaarbewijzen*” in that Act, within, from or into The Netherlands unless such transfer and acceptance is done through the mediation of either the Issuer or an admitted institution of a member of Euronext Amsterdam N.V., admitted in a function on one or more of the markets or systems operated by Euronext Amsterdam N.V. (*toegelaten*

installing) in accordance with the Savings Certificates Act. No such mediation is required (i) in respect of the transfer and acceptance of such Notes in definitive form between individuals not acting in the conduct of a business or profession, (ii) in respect of the initial issue of such Notes to the first holders thereof, or (iii) in respect of the transfer and acceptance of such Notes within, from or into The Netherlands if all such Notes (either in definitive form or as rights representing an interest in Notes in global form) are physically issued outside The Netherlands and are not immediately thereafter distributed within The Netherlands as part of their initial distribution or immediately thereafter. In the event that the Savings Certificates Act applies, certain identification requirements in relation to the issue and transfer of, and payments on, “**Zero Coupon Notes**” have to be complied with. As used herein “Zero Coupon Notes” are Notes that are in bearer form and that constitute a claim for a fixed sum against the Issuer and on which interest does not become due during their tenor or on which no interest is due whatsoever.

General

With the exception of the application to the CSSF for the approval of this document as a Base Prospectus issued in compliance with the Prospectus Directive and relevant implementing measures in Luxembourg, no action has been or will be taken in any country or jurisdiction by the Issuer or the Dealers that would permit a public offering of Notes, or possession or distribution of any offering material in relation thereto, in any country or jurisdiction where action for that purpose is required. Persons into whose hands the Base Prospectus or any Final Term comes are required by the Issuer and the Dealers to comply with all applicable laws and regulations in each country or jurisdiction in or from which they purchase, offer, sell or deliver Notes or have in their possession or distribute such offering material, in all cases at their own expense.

The Dealership Agreement provides that the Dealers shall not be bound by any of the restrictions relating to any specific jurisdiction (set out above) to the extent that such restrictions shall, as a result of change(s) or change(s) in official interpretation, after the date hereof, of applicable laws and regulations, no longer be applicable but without prejudice to the obligations of the Dealers described in the paragraph headed “General” above.

Selling restrictions may be supplemented or modified with the agreement of the Issuer. Any such supplement or modification will be set out in the relevant Final Terms (in the case of a supplement or modification relevant only to a particular Tranche of Notes) or (in any other case) in a supplement to this document.

TAXATION

The following is a general description of relevant tax considerations and is not to be regarded as a complete tax analysis of all tax issues related to the Notes. Prospective holders of Notes should consult their professional tax advisers if they are in doubt about their own tax position.

Denmark

According to the Danish tax laws in effect as of the date of this Base Prospectus, (i) payments of interest or principal amounts to any holder of a Note are not subject to taxation in Denmark, (ii) no withholding tax will be required on such payments and (iii) any gain realised upon the sale, exchange or retirement of a Note will not be subject to taxation in Denmark. This tax treatment applies solely to holders of Notes who are not subject to full tax liability in Denmark or included in a Danish joint taxation scheme and do not carry on business in Denmark through a permanent establishment and, in the case of individual holders, have not been subject to full tax liability in Denmark for one or more periods of more than a total of five years during the previous ten years.

Luxembourg

The following is a general description of certain *Luxembourg* tax considerations relating to the Notes. It specifically contains information on taxes on the income from the Notes withheld at source and provides an indication as to whether the Issuer assumes responsibility for the withholding of taxes at the source. It does not purport to be a complete analysis of all tax considerations relating to the Notes, whether in Luxembourg or elsewhere. Prospective purchasers of the Notes should consult their own tax advisers as to which countries' tax laws could be relevant to acquiring, holding and disposing of the Notes, payments of interest, principal and/or other amounts under the Notes and the consequences of such actions under the tax laws of Luxembourg. This summary is based upon the law as in effect on the date of this Base Prospectus. The information contained within this section is limited to withholding taxation issues, and prospective investors should not apply any information set out below to other areas, including (but not limited to) the legality of transactions involving the Notes.

Withholding Tax

All payments of interest and principal by the Issuer in the context of the holding, disposal, redemption or repurchase of the Notes can be made free and clear of any withholding or deduction for or on account of any taxes of whatsoever nature imposed, levied, withheld, or assessed by Luxembourg or any political subdivision or taxing authority thereof or therein, in accordance with the applicable Luxembourg law, subject however to:

- (i) the application of the Luxembourg law of 21 June 2005 implementing the EU Savings Directive and providing for the possible application of a withholding tax (15 per cent. from 1 July 2005 to 30 June 2008, 20 per cent. from 1 July 2008 to 30 June 2011 and 35 per cent. from 1 July 2011) on interest paid to certain non Luxembourg resident investors (individuals and certain types of entities called "residual entities") in the event of the Issuer appointing a Paying Agent in Luxembourg within the meaning of the EU Savings Directive; and
- (ii) the application as regards Luxembourg resident individuals of the Luxembourg law of 23 December 2005 which has introduced a 10 per cent. final withholding tax on savings income (i.e. with certain exemptions, savings income within the meaning of the Luxembourg law of 21 June 2005 implementing the European Union Savings Directive). This law should apply to savings income accrued as from 1 July 2005 and paid as from 1 January 2006.

Responsibility for the withholding of tax in application of the above-mentioned Luxembourg laws of 21 June 2005 and 23 December 2005 is assumed by the Luxembourg paying agent within the meaning of these laws and not by the Issuer.

EU Savings Directive disclosure

On 3 June 2003, the EU Council of Economic and Finance Ministers adopted a new directive regarding the taxation of savings income in the form of interest payment (Council Directive 2003/48/EC, the “**EU Savings Directive**”). The EU Savings Directive is, in principle, applied by Member States as from 1 July 2005 and has been implemented in Luxembourg by the Law of 21 June 2005. Under the EU Savings Directive, each Member State is required to provide to the tax authorities of another Member State details of payments of interest or other similar income paid by a Paying Agent within the meaning of the EU Savings Directive to an individual resident or certain types of entities called “residual entities” (the “**Residual Entities**”), established in that other Member State (or certain dependent or associated territories). For a transitional period, however, Austria, Belgium and Luxembourg are permitted to apply an optional information reporting system whereby if a beneficial owner, within the meaning of the EU Savings Directive, does not comply with one of two procedures for information reporting, the relevant Member State will levy a withholding tax on payments to such beneficial owner. The withholding tax system will apply for a transitional period during which the rate of the withholding will be of 15 per cent. from 1 July 2005 to 30 June 2008, 20 per cent. from 1 July 2008 to 30 June 2011 and 35 per cent. as from 1 July 2011. The transitional period is to commence on the date from which the EU Savings Directive is to be applied by Member States and to terminate at the end of first full fiscal year following agreement by certain non-EU countries to the exchange of information relating to such payments.

Also with effect from 1 July 2005, a number of non-EU countries (Switzerland, Andorra, Liechtenstein, Monaco and San Marino), have agreed to adopt similar measures (either provision of information or transitional withholding) in relation to payments made by a Paying Agent within its jurisdiction to, or collected by such a Paying Agent for, an individual resident or a Residual Entity established in a Member State. In addition, Luxembourg has entered into reciprocal provision of information or transitional withholding arrangements with certain of those dependent or associated territories (Jersey, Guernsey, Isle of Man, Montserrat, British Virgin Islands, Netherlands Antilles and Aruba) in relation to payments made by a Paying Agent in a Member State to, or collected by such a Paying Agent for, an individual resident or a Residual Entity established in one of those territories.

PÕHIPROSPEKTI KOKKUVÕTE

Käesolev kokkuvõte on Põhiprospekti tutvustus ja enne investeerimise otsustamist Võlakirjadesse tuleks tutvuda kogu Põhiprospektiga, sealhulgas selles viidatud dokumentidega. Pärast prospektide direktiivi (direktiiv 2003/71/EÜ) asjaomaste sätete rakendamist igas Euroopa Majanduspiirkonna lepinguriigis ei kohaldata üheski neist lepinguriikidest Emitendi suhtes tsiviilvastutust üksnes käesoleva kokkuvõtte, sealhulgas selle tõlgete alusel, juhul kui kokkuvõte ei ole eksitav, ebatäpne või käesoleva Põhiprospekti muude osadega vastuolus. Kui seoses käesolevas Põhiprospektis sisalduva teabega esitatakse Euroopa Majanduspiirkonna lepinguriigi kohtule nõue, võidakse hagejalt nõuda selle lepinguriigi õigusnormide kohaselt, kus nõue esitati, et ta kannab Põhiprospekti tõlkimise kulud enne kohtumenetluse algatamist.

„Võlakirjade Tingimustes” („Terms and Conditions of the Notes”) defineeritud sõnad ja väljendid, kasutatuna allpool või Põhiprospekti mõnes muus osas, on käesolevas kokkuvõttes sama tähendusega.

Põhilised tunnused ja Emitendiga seotud riskid

Danske Bank Group (edaspidi „kontsern”) pakub laias valikus pangandus-, hüpoteegi- ja kindlustustooteid ning muid finantsteenuseid ja on koguvarade poolest suurim finantsteenuste pakkuja Taanis ning üks suuremaid Põhjamaades.

Danske Bank (edaspidi „Pank”) on esindatud filiaalide kaudu Londonis, Varssavis, Hamburgis ja Põhjamaades. Northern Bank ostuga Põhja-Iirimaal ja National Irish Bank ostuga Iiri Vabariigis on Pank märkimisväärselt laiendanud oma tegevust väljaspool Põhjamaid. Novembris 2006 ostis Pank Sampo Bank`i Soomes, sealhulgas Sampo Bank`i tegevused kolmes Balti riigis ja Sankt-Peterburgis. Ostutehing kiideti heaks 2007. aasta jaanuari lõpus. Panga tütarettevõtja pakub privaatt pangandusteenuseid Luksemburgis.

Kontsernil on praegu rohkem kui viis miljonit jaeklienti ning märkimisväärne turuosa Põhjamaades äri- ja institutsionaalpanganduse turul. Ligikaudu 2,5 miljonit klienti kasutab kontserni elektroonilisi teenuseid.

Kontserni äriorganisatsiooni kuuluvad üksused hõlmavad pangandustegevust (Banking Activities), hüpoteeklaene (Mortgage Finance, Taanis kuulub pangandustegevuse alla), finantsturge (Danske Markets), varahaldust (Danske Capital), pensionikindlustust (Danica Pension) ja muid valdkondi.

Pangandustegevus (Banking Activities) hõlmab kogu kontserni pangandust, kuhu kuuluvad nii jae- kui ka äri- ja institutsionaalpanganduse kliendid. Väljaspool Taanit asuvatel teiste riikide turgudel, kus kontsern tegutseb, juhitakse kõiki valdkondi vastavate riikide divisjonide kaudu. Pangandustegevus (Banking Activities) hõlmab ka kontserni hüpoteeklaene ja kinnisvaravahendust Taanis. Divisjon turustab oma finantseerimislahendusi Realkredit Danmark`i, Danske Bank`i ja nn home`i kaudu. Kinnisvaravahendus toimub home-üksuse kaudu, millel on 190 kontorit üle riigi.

Danske Markets vastutab kontserni tegevuse eest finantsturgudel. Kauplemistegevus hõlmab fikseeritud tuluga tooteid, välisvaluutat, aktsiaid ja intressi teenivaid väärtapabereid, suurimatele äri- ja institutsionaalpanganduse klientidele mõeldud finantstooteid ja nõustamist ühinemiste ja omandamiste puhul ning klientide abistamist seoses aktsiate ja võlainstrumentide emiteerimisega rahvusvahelistel finantsturgudel. Kauplemispositsioonide võtmine (Proprietary trading) hõlmab Panga lühiajalisi investeringuid. Investeerimisportfelli kuulub Panga strateegiline fikseeritud tulu, välisvaluuta ja aktsiaportfellid. Danske Markets vastutab ka Panga omafinantseerimise eest.

Danske Capital töötab välja ja pakub nõustamisteenuseid ning varahaldustooteid ja -teenuseid, mida pakutakse kontserni pangandustehingute kaudu ning otse ettevõtjatele, institutsionaalsetele klientidele ja välistarnijatele.

Danica Pension hõlmab kontserni tegevust elu- ja pensionikindlustusturgudel.

Emitendil kui kogu maailmas tegutseval kontsernil on mitmeid riske. Emitent peab riskijuhtimist üheks oma põhikompetentsiks. Ulatuslikke ressursse kulutatakse protsesside ja vahendite väljatöötamisele, et vastata riskijuhtimise parimatele tavadele. Pank määratleb ja juhib järgmisi peamisi riskikategooriaid.

Krediidirisk on kahjumi tekkimise oht, kui tehingu vastaspool ei täida emitendi ees kõiki või osa oma kohustusi. Krediidirisk hõlmab vastava maa riski, vähendamisriski (dilution risk) ja arveldusriski. Maarisk on risk, mis tähendab, et riigi majanduslikud ja poliitilised tingimused põhjustavad kahjumi. Maarisk hõlmab ka natsionaliseerimise, sundvõõrandamise ja võlgade saneerimise riski. Vähendamisrisk (dilution risk) on risk, mis tähendab, et võlgnik võib saavutada võla vähendamise tasaarvestuse, vastuväidete, mille aluseks on õiguslikud asjaolud või muude tegurite alusel. Arveldusrisk on risk, mis tekib väärtapaberite, tuletisinstrumentide ja muude instrumentidega kauplemisel tehtavate maksete arveldamise tõttu, kui maksed kantakse üle enne, kui on võimalik teha kindlaks, kas tasaarvestusmaksed on kantud üle ühele emitendi kontodest.

Tururisk on kahjumi tekkimise oht, kui emitendi varade ja kohustuste turuväärtus varieerub koos turutingimuste muutumisega, nt intressimäärade, aktsiahindade või valuutakursside muutumisega. Tururisk hõlmab likviidsusriski, mis on kahjumi tekkimise oht tulenevalt sellest, et i) vahendite kogumise kulud kasvavad ebaproportsionaalselt, ii) vahendite puudumine takistab Emitendil uute tegevustega alustamist ning iii) vahendite puudumine takistab Emitendil oma kohustuste täitmist.

Operatsioonirisk on kahjumi tekkimise oht sisemiste protsesside puuduste või vigade, personali- või süsteemivigade või väliste sündmuste tõttu. Äririsk on kahjumi tekkimise oht, mis tuleneb väliste asjaolude muutumisest või sündmustest, mis kahjustavad emitendi kuvandit või tegevustulu.

Elukindlustusrisk on risk, mis tähendab, et klientide vahendite aastatootlus on ebapiisav, katmaks klientidele tagatud kasumit, elukindlustusreservide vajalikku suurendamist ja täitmaks muid kohustusi.

Kindlustusrisk hõlmab ka tururiski seoses varadega, millesse Danica vara on investeeritud.

Võlakirjadega seotud olulised tunnused ja riskid

Emitent võib, tingimusel et ta täidab kõiki asjakohaseid seadusi, määrusi, direktiive ja keskpanga nõudeid, emiteerida Võlakirju mis tahes valuutas. Võlakirjade eest tehtud maksed võib eespool nimetatud õigusnormide täitmise korral teha mis tahes muus valuutas või valuutades ja/või need võivad olla seotud muu valuuta või valuutadega kui Võlakirjade nomineerimise valuuta.

Võlakirjade maksmata põhisumma kokku ei või ületada 50 000 000 000 eurot (või sellega samaväärset summat teises valuutas), välja arvatud nõuetekohaselt lubatud suurendamise korral. Võlakirju võib emiteerida esitajavõlakirjadena, intressikupongidega või ilma, registreerituna või VP Systems'i Võlakirjade puhul kas sertifikaati väljastamata või elektroonilisel kujul Lõplikes Tingimustes (Final Terms) määratletud nimiväärtustes.

Võlakirjad emiteeritakse Seeriatena. Iga Seeria võib hõlmata üht või mitut Osapakkumist (Tranch), mis on emiteeritud eri emissioonikuupäevadel. Iga Seeria Võlakirjade suhtes kehtivad identsed tingimused, välja arvatud emissioonikuupäev, esimese intressimakse (kui see tehakse) summa, väljalaskehind ja/või nimiväärtused, mis võivad eri Osapakkumistes erineda. Iga Osapakkumise Võlakirjade suhtes kehtivad identsed tingimused kõigis aspektides, välja arvatud see, et Osapakkumisse võib kuuluda erineva nimiväärtusega Võlakirju.

Võlakirjadel, mis on noteeritud Ametlikus Nimekirjas (*Official List*) ja millega kaubeldakse Luksemburgi Börsi reguleeritud turul ja/või mida võib noteerida, millega võib kaubelda ja/või mida võib noteerida mis tahes muus noteerimisametis, börsil ja/või noteerimissüsteemis, mis asub või tegutseb Euroopa Majanduspiirkonna liikmesriigis, ei või a) olla minimaalne nimiväärtus alla 1000 euro (või samaväärne summa muus valuutas) või b) nendega ei või kaasneda õigus omandada aktsiaid (või aktsiatega samaväärseid vabalt kaubeldavaid väärtpabereid), mille on emiteerinud Emitent või Emitendiga samasse kontserni kuuluv üksus. Selle tingimuse kohaselt emiteeritakse Võlakirjad sellistes nimiväärtustes, mis on nimetatud asjaomastes Lõplikes Tingimustes, kusjuures tuleb täita kõiki kehtivaid õiguslikke ja/või regulatiivseid ja/või keskpanga nõudeid.

Selliste Võlakirjade emissiooni puhul, millel on nimiväärtused, mis koosnevad minimaalsest nimiväärtusest ja seda ületava muu väiksema summa täiskordsest, on võimalik, et selliste Võlakirjadega võib kaubelda summades, mis ei ole minimaalse nimiväärtuse täiskordsed. Niisugusel juhul ei või omanik, kes selliste summadega kauplemise tulemusena omab summat, mis on väiksem kui minimaalne nimiväärtus, saada lõplikku Võlakirja sellise osaluse suhtes (kui lõplik Võlakirja prinditakse) ning ta peab ostma Võlakirja põhisumma, nii et tema osalus ulatub nimiväärtuseni.

Võlakirju võib Emitent emiteerida allutamata, allutatud või esimese taseme omavahendite (*Hybrid Tier 1*) alusel, mis on määratletud asjaomastes Lõplikes Tingimustes.

Allutamata Võlakirjad (Unsubordinated Notes) on Emitendi otsesed, tingimusteta, allutamata ja tagamata Võlakirjad ning need on samaväärsete tingimustega (*pari passu*) ilma omavaheliste eesõigusteta ning vähemalt samaväärsete tingimustega kui kõik muud Emitendi olemasolevad ja tulevikus emiteeritavad (välja arvatud teatavate seadusega ettenähtud kohustuslike erandide puhul) allutamata ja tagamata Võlakirjad (sealhulgas deposiitidega kaasnevad kohustused).

Allutatud Võlakirjad (*Subordinated Notes*) on Emitendi otsesed, tagamata ja allutatud võlakohustused ning need on samaväärsete tingimustega (*pari passu*) ilma eesõigusteta omavahel ja teiste Allutatud Võlakirjade ja muude instrumentide suhtes, mis on kuulutatud samaväärseks allutatud laenukapitaliga.

Esimese Taseme Omavahendite Hübriidvõlakirjad (*Hybrid Tier 1 Capital Notes*) on Emitendi otsesed, tagamata ja allutatud võlakohustused ning need on samaväärsete tingimustega (*pari passu*) ilma eesõigusteta omavahel ja teiste Esimese Taseme Omavahendite Hübriidvõlakirjade ja muude kapitaliinstrumentide suhtes, mis on kuulutatud samaväärseks Esimese Taseme Omavahendite Hübriidvõlakirjadega.

Allutatud Võlakirjade iga Seeria puhul võib Emitent otsustada kooskõlas „Võlakirjade Tingimustega” mitte maksta intressi, mis on kogunenud vastava Võlakirjaseeria eest. Intress, mis jääb asjaomase Võlakirjaseeria puhul Vabatahtliku Intressimakse Tähtajal (Optional Interest Payment Date) maksmata, koos mis tahes muu intressiga, mis on jäänud maksmata asjaomase Võlakirjaseeria puhul mõnel muul Vabatahtliku Intressimakse Tähtajal, moodustab kuni maksmiseni Intressivõlgnevuse.

Esimese Taseme Omavahendite Hübriidvõlakirjade iga Seeria puhul võib Emitent otsustada kooskõlas „Võlakirjade Tingimustega” mitte maksta intressi, mis on kogunenud vastava Võlakirjaseeria eest. Intress, mis jääb asjaomase Võlakirjaseeria puhul Vabatahtliku Intressimakse Tähtajal maksmata, koos mis tahes muu intressiga, mis on jäänud maksmata asjaomase Võlakirjaseeria puhul mõnel muul Vabatahtliku Intressimakse Tähtajal, moodustab kuni maksmiseni hübriidvõlakirja intressivõlgnevuse.

Intressivõlgnevus või olenevalt asjaoludest hübriidvõlakirja intressivõlgnevus (koos vastava Lisaintressisummaga või olenevalt asjaoludest hübriidvõlakirja Lisaintressisummaga, ent ilma tühistatud intressita) kuulub täies ulatuses maksmisele järgmistest sündmustest kõige varasema saabumise korral: i) kuupäeval, mil Emitent vastab järgmisena Taani finantstegevuse seaduse (Danish Financial Business Act) maksejõulisuse nõutele; ii) kuupäeval, mil saabub asjaomase

Seeria Völakirjade Tasumata Põhisumma tähtaeg ja see kuulub tasumisele (kui see on asjakohane) või lunastamisele; või iii) Emitendi likvideerimise või pankroti korral. Vaata Tingimus 9 (*Intressi edasilükkamine*).

Kui Esimese Taseme Omavahendite Hübriidvölakirjade iga Seeria puhul ületab Emitendi aastaaruande kõige hiljutisema heakskiitmise kuupäeva ja järgmise heakskiitmise kuupäeva vahelisel ajavahemikul järgmise intressimakse summa Olemasolevad Vabad Reservid, vähendatakse seda makset nimetatud Olemasolevate Vabade Reservide summani või, juhul kui Olemasolevad Vabad Reservid puuduvad, siis nullini. Juhul kui selline intressi vähendamine toimub ja osa kehtivast intressiperioodist on enne asjaomase aruande heakskiitmise kuupäeva, siis ulatuses, mille võrra kogunenud intressisumma ületab asjaomase aruande heakskiitmise kuupäeval Olemasolevate Vabade Reservide summa, lükatakse selline lisasumma edasi ning see moodustab hübriidvölakirja intressivõlgnevuse. Kui intressi enam ei kogune ja järgmised auditeeritud aastaaruanded kajastavad Olemasolevaid Vabu Reserve, algab uuesti intressi kogunemine. Intressimakse või osa intressimaksest, mis ei ole tehtud ja mida ei ole edasi lükatud kooskõlas käesolevate sätetega, tühistatakse ja see ei kuulu maksmisele. Vaata Tingimust 9.6 (*Kohustuslik Intressi Edasilükkamine ja Intressi Tühistamine – Esimese Taseme Omavahendite Hübriidvölakirjad*).

Tingimuses 10 (Põhisumma ja Maksmata Intressi Summade Vähendamine) sätestatud piiratud juhtudel võib Emitent kooskõlas Taani seadusega ja Emitendi Põhikirja alusel kokkukutsutud aktsionäride üldkoosoleku otsusest tulenevalt vähendada ja tühistada a) Allutatud Völakirjade puhul Völakirjade iga asjaomase Völakirjade Seeria Maksmata Põhisumma osa või kogu Põhisumma ning sellelt arvestatud Intressivõlgnevuse (koos vastavate Lisaintressisummadega) või b) Esimese Taseme Omavahendite Hübriidvölakirjade puhul Völakirjade iga asjaomase Seeria Maksmata Põhisumma osa või kogu Põhisumma ja sellelt arvestatud hübriidvölakirjade Intressivõlgnevuse (koos vastavate hübriidvölakirja Lisaintressisummadega). Vaata Tingimust 10 (*Põhisumma ja Maksmata Intressi Summade Vähendamine*).

Völakirjad võib anda välja mis tahes tähtajaga või ilma fikseeritud tähtajata tingimusel, et teatavate valuutade puhul tuleb täita kõik kehtivad õiguslikud ja/või regulatiivsed ja/või keskpanga nõuded. Völakirju võib enne tähtaega lunastada nimiväärtusega või muu lunastamissumma eest, mis võib olla määratletud asjaomastes Lõplikes Tingimustes.

Emitent võib pakkuda Völakirju, mille puhul nähakse ette põhisumma või lisatasu maksmine seoses valuuta- või kaubaindeksiga, hinnaindeksiga, börsi- või kaubabörsiindeksiga, teatava aktsiaga või aktsiakorviga, teatava valuutaga või valuutakorviga või seoses inflatsiooniga, valuutaga või toorainega või mis tahes muu indeksi või aktsiaga, mis on määratletud Lõplikes Tingimustes. Lisaks eelöeldule võidakse Völakirjade puhul näha ette makse lunastamise vastu ja/või tagastamine, tuginedes mis tahes muutujat kajastava isiku (reference entity) krediitinäitajatele, mis on alati määratletud Lõplikes Tingimustes. Sellistesse Völakirjadesse investeerimisega kaasnevad märkimisväärsed riskid, mida ei esine sarnaste investeringute puhul konventsionaalsetes fikseeritud või muutuva kursiga Völakirjadesse. Vaata allpool peatükis „Riskitegurid” punkti „Teatava Völakirjaemissiooni struktuuriga seotud riskid”. Eelkõige peaks selliste Völakirjade tulevased ostjad olema teadlikud, et lunastamisel makstav põhisumma võib olla väiksem kui Völakirjade nimiväärtus või see võib olla isegi null. **ÜHE VÕI MITME SELLISE TEGURIGA SEOTUD VÖLAKIRJADE TULEVASED OSTJAD PEAVAD TUTVUMA ASJAOMASTE LÕPLIKE TINGIMUSTEGA, ET TEHA ENNE VÖLAKIRJADE OSTMISE OTSUSE LANGETAMIST KINDLAKS, MILLISED ON ASJAOMASED TEGURID JA KUIDAS MÄÄRATAKSE KINDLAKS NII LUNASTAMISEL MAKSTAV PÕHISUMMA KUI KA INTRESSIMAKSED NING MILLAL NEED SUMMAD MAKSMISELE KUULUVAD.**

Põhisumma kokku, mis tahes intressimäär või intressi arvutamine, väljalaskehind, tähtaeg, lunastamissumma ja muud käesolevas dokumendis nimetatud tingimused iga Völakirja osapakkumise puhul kehtestatakse emiteerimise ajal kooskõlas kehtivate turutingimustega ja sätestatakse asjaomastes Lõplikes Tingimustes.

Völakirjadelt ei saa kasu seoses Emitendi tegevuste piirangutega (negative pledge) või Emitendi poolt mõne teise võlgnevuse tasumata jätmisega, mida loetakse Völakirjadest tulenevate kohustuste rikkumiseks (cross default).

Esitatud on avaldus, et Programmi alusel emiteeritud Völakirjadega lubatakse kaubelda Luksemburgi Börsi reguleeritud turul. Luksemburgi Börsi reguleeritud turg on reguleeritud turg finantsinstrumentide turgude direktiivi 2004/39/EÜ tähenduses. Siiski võib Völakirju emiteerida ka Programmi alusel, mille kohaselt lubatakse neid noteerida, nendega kaubelda ja/või neid noteerida teiste noteerimisasutuste, börside ja/või noteerimissüsteemide poolt, või neid võidakse emiteerida, arvestades, et neid ei lubata noteerida, nendega kaubelda ja/või neid noteerida sellise teise noteerimisasutuse, börsi või noteerimissüsteemi poolt.

Völakirjadega lubatakse arveldada ühe või mitme arveldussüsteemi kaudu vastavalt asjaomastes Lõplikes Tingimustes määratletule. Esitajavölakirju klassikalises globaalses vormis (st need Esitajavölakirjad, mis ei ole uues globaalses vormis) tuleb hoida arveldussüsteemide poolt või nimel. Iga globaalset Völakirja uues globaalses völakirja vormis hoitakse Euroclear'i ja/või Clearstream'i (Luxembourg) arveldussüsteemis (edaspidi „**ühine arveldussüsteem**”). Potentsiaalsed investorid peavad ülekanneteks, makseteks ja suhtluseks kasutama arveldussüsteemi..

Völakirjad uues globaalses völakirja vormis (edaspidi „**Uued Globaalsed Völakirjad**”), on võetud kasutusele, et oleks võimalik emiteerida ja hoida Esitajavölakirju viisil, mis võimaldab neid tunnustada nõuetele vastava tagatisena euro keskpangandussüsteemi (edaspidi „**Eurosüsteem**”) rahapoliitika jaoks ja Eurosüsteemi päevasiseste krediitidehingute puhul kas emiteerimisel või nende kehtivuse ajal. Selline tunnustamine sõltub igal üksikjuhul Eurosüsteemi nõuetele vastavuse kriteeriumide täitmisest vastaval ajal.

Selle Programmi alusel emiteeritud allutamata völakirjade suhtes kehtib Taani Kuningriigi Finantsstabiilsuse seadus nr.

1003, 10. oktoobrist 2008, mille kohaselt Taani Kuningriik on kohustatud tingimusteta tagama allutamata võlakirjade omanike kahjudest tulenevad nõuded Taani pankades selles ulatuses, mis ei ole muul viisil tagatud ("Skeem"). Skeemi kohta täpsema info saamiseks vaata Taani Finantsstabiilsuse seadust.
