D**Risks**

D1	Key information on the key risks specific to the Company or its industry	<i>The Company</i> • The Company's brewing business is highly concentrated on one site at Ellon and a prolonged disruption to brewing activities (e.g. due to fire or industrial action) at its brewing site could have a negative effect on the Company's ability to brew its products. This could have a negative effect on the Company's operating results, financial condition and prospects. • Some or all of the BrewDog bars could lose their licences to sell alcoholic beverages or have their hours of operation curtailed as a result of hearings of the licensing boards in the relevant councils or borough areas where each of the bars is located or as a result of any changes in legislation governing licensed premises in the various jurisdictions in which bars in which BrewDog has an interest are or may be located. This could have a negative effect on the Company's operating results, financial condition and prospects. • The Company may undertake further equity financing which may be dilutive to existing Shareholders or result in an issuance of securities whose rights, preferences and privileges are senior to those of holders of B Shares, reducing the value of B Shares subscribed for under the Offer and the Company may take such actions without the specific consent of the holders of B Shares. • The Company has agreements with all of its key suppliers and is reliant on positive and continuing relationships with its suppliers. Termination of those agreements, variations in their terms or the failure of a key supplier to comply with its obligations under these agreements (including if a key supplier were to become insolvent) could have a negative effect on the Company's profitability. • It is important that the Company has the ability to maintain and
----	--	---

enhance the image of its existing products. The image and reputation of the Company's products may be impacted for various reasons including litigation, complaints from customers/regulatory bodies resulting from quality failure, illness or other health concerns. Such concerns, even when unsubstantiated, could be harmful to the Company's image and the reputation of its products.

D3	Key information on the key risks specific to the securities	<i>The Securities</i> • The value of BrewDog shares can go down as well as up and, if you invest you might not get back your money back. • BrewDog is not yet listed on any stock exchange so shares can only be sold once a year via our trading platform. Also, as we are not yet listed we are also not subject to all the rules and regulations which apply to listed companies. • It is our current policy not to pay any dividends but to reinvest all profits to fuel further growth. • Over three quarters of the shares in BrewDog are owned by our founders and staff. As such, they can vote decisions through at general meetings, even ones investors in the Offer, as minority shareholders, might disagree with. • The directors have the right to refuse to register any transfer of shares. This means we can prevent multinational monolithic beer companies from buying shares in BrewDog.
